
HOUSE RESOLUTION

REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO INVESTIGATE THE COEXISTENCE OF JALOUSIE WINDOWS AND AIR CONDITIONING IN STATE BUILDINGS AND CONSIDER MORE ENERGY EFFICIENT ALTERNATIVES.

1 WHEREAS, many facilities owned by the State have installed
2 air conditioning units after the facility's initial
3 construction; and
4

5 WHEREAS, some of these facilities still have jalousie
6 windows between the air conditioned spaces and the outdoor
7 environment; and
8

9 WHEREAS, jalousie windows allow the conditioned air to
10 escape the building, thus increasing the expense of providing
11 air conditioning to the indoor environment; now, therefore,
12

13 BE IT RESOLVED by the House of Representatives of the
14 Thirtieth Legislature of the State of Hawaii, Regular Session of
15 2019, that the Department of Accounting and General Services is
16 requested to investigate the coexistence of jalousie windows and
17 air conditioning in state buildings and consider more energy
18 efficient alternatives, such as replacing the jalousie windows
19 with sealed windows; and
20

21 BE IT FURTHER RESOLVED that certified copies of this
22 Resolution be transmitted to the Governor, Lieutenant Governor,
23 Comptroller, and Administrator of the Central Services Division
24 of the Department of Accounting and General Services.
