A BILL FOR AN ACT

RELATING TO HEALTH INSURANCE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the patients with health insurance who receive treatment from an out-of-network provider may be subject to the practice known as "balance billing" or "surprise billing", where the provider bills the patient for the difference between what the patient's health insurance chooses to reimburse and what the provider chooses to charge. These bills occur most often when patients inadvertently receive medical services from out-of-network providers, such as when a patient is undergoing surgery and is not informed that a member of the medical team is not a participating provider in the patient's health insurance's provider network, or when a patient is in need of emergency services and is taken to the nearest medical facility, regardless of the facility's or its providers' network status. Out-of-network providers may not have a contracted rate with a health insurer for services; therefore, the prices these
providers may charge may be much greater than the price charged
by in-network providers for similar services.

The legislature further finds that balance bills or
surprise bills can be an unwelcome shock to patients who may
have unknowingly received health care services outside of their
provider network. These unexpected medical bills are a major
concern for Americans. According to a September 2018 Kaiser
Family Foundation poll, two-thirds of respondents said they
were "very worried" or "somewhat worried" that they or a
family member would receive a surprise bill. In fact, these
bills are the most-cited concern related to health care costs
and other household expenses. Furthermore, out-of-network
bills sent to health insurers or carriers from physicians can
be more than thirty times the average in-network rate for
those same services.

Currently, there is no comprehensive protection from
surprise bills or balance bills at the federal level and, while
there is a growing trend toward state action to protect patients
from surprise bills or balance bills, most state laws do not
provide comprehensive protections. However, the trend is
changing. At least nine states including California, Oregon,
Maryland, Connecticut, Illinois, New York, New Hampshire, New Jersey, and Florida have enacted comprehensive approaches to end balance billing and surprise bills. Similarly, New Mexico, Texas, Washington, and Colorado passed new comprehensive laws in 2019. Hawaii patients continue to be at risk of being caught in the middle of balance billing disputes between health insurers and providers or being hit with significant surprise bills.

The purpose of this Act is to specify:

(1) Disclosure and consent requirements for health care providers, health care facilities, and hospitals that are nonparticipating providers in a patient's health care plan;

(2) The circumstances in which a patient shall not be liable to a health care provider for any sums owed by an insurer, mutual benefit society, or health maintenance organization; and

(3) The rate at which a health insurance plan must reimburse a nonparticipating provider who provides health care to a patient, unless otherwise agreed to by the nonparticipating provider and the health insurance plan.
SECTION 2. Chapter 321, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"§321—Disclosure and consent required. (a) A health care provider, health care facility, or hospital shall disclose the following information in writing to patients or prospective patients prior to the provision of non-emergency services that are not authorized by the patients' health care plan:

(1) That certain health care facility-based health care providers may be called upon to render care to a covered person during the course of treatment;

(2) That those health care facility-based health care providers may not have contracts with the covered person's health care plan and are therefore considered to be out-of-network providers;

(3) That the services provided will be on an out-of-network basis and the cost may be substantially higher than if the services were provided in-network;

(4) A notification that the covered person may either agree to accept and pay the charges for the out-of-network services or rely on any other rights and
remedies that may be available under state or federal law; and

(5) A statement indicating that the covered person may obtain from the covered person's health care plan a list of health care facility-based health care providers who are participating providers and the covered person may request those participating facility-based health care providers.

(b) If a health care provider, health care facility, or hospital is not a participating provider in a patient's or prospective patient's health care plan network, and the patient is receiving non-emergency health care services, the health care provider, health care facility, or hospital shall:

(1) At least twenty-four hours prior to the provision of non-emergency services, disclose to the patient or prospective patient in writing and in compliance with subsection (c), the amount or estimated amount that the health care provider, health care facility, or hospital will bill the patient or prospective patient for non-emergency health care services provided or anticipated to be provided to the patient or
prospective patient, not including unforeseen medical circumstances that may arise when the health care services are provided; and

(2) At least twenty-four hours prior to the provision of non-emergency services, obtain the written consent of the patient or prospective patient for provision of services by the nonparticipating health care provider, health care facility, or hospital in writing separate from the document used to obtain the consent for any other part of the care or procedure; provided that the consent shall not be obtained at the time of admission or at any time when the patient or prospective patient is being prepared for surgery or any other procedure.

(c) Any communication from the nonparticipating health care provider, health care facility, or hospital to the patient or prospective patient shall include notice in a twelve-point bold type stating that the communication is not a bill and informing the patient or prospective patient that the patient or prospective patient shall not pay any amount or estimated amount until the patient's or prospective patient's health care plan
informs the patient or prospective patient of any applicable

cost-sharing.

(d) A nonparticipating health care provider, health care
facility, or hospital that fails to comply with this section
shall not bill or collect any amount from the patient or
prospective patient in excess of the in-network cost-sharing
owed by the patient or prospective patient that would be billed
or collected for the same services rendered by a participating
health care provider, health care facility, or hospital.

(e) For purposes of this section:
"Health care facility" means any institution, place,
building, or agency, or portion thereof, licensed or otherwise
authorized by the State, whether organized for profit or not,
used, operated, or designed to provide medical diagnosis,
treatment, or rehabilitative or preventive care to any person or
persons.

"Health care plan" means a policy, contract, plan, or
agreement delivered or issued for delivery by a health insurance
company, mutual benefit society governed by article 1 of chapter
432, health maintenance organization governed by chapter 432D,
or any other entity delivering or issuing for delivery in the
State accident and health or sickness insurance as defined in section 431:1-205, other than disability insurance that replaces lost income.

"Health care provider" means an individual who is licensed or otherwise authorized by the State to provide health care services.

"Hospital" means:

(1) An institution with an organized medical staff, regulated under section 321-11(10), that admits patients for inpatient care, diagnosis, observation, and treatment; and

(2) A health facility under chapter 323F.

"In-network cost-sharing" means the amount owed by a covered person to a health care provider, health care facility, or hospital that is a participating member of the covered person's health care plan's network."

SECTION 3. Chapter 431, Hawaii Revised Statutes, is amended by adding two new sections to article 10A be appropriately designated and to read as follows:

"§431:10A-A Balance billing; hold harmless; emergency services. (a) Every contract between an insurer and a
participating provider of health care services shall be in
writing and shall set forth that in the event the insurer fails
to pay for health care services as set forth in the contract,
the insured shall not be liable to the provider for any sums
owed by the insurer.

(b) If a contract with a participating provider has not
been reduced to writing as required by subsection (a), or if a
contract fails to contain the required prohibition, the
participating provider shall not collect or attempt to collect
from the insured sums owed by the insurer. No participating
provider, or agent, trustee, or assignee thereof, may maintain
any action at law against an insured to:

(1) Collect sums owed by the insurer; or

(2) Collect sums in excess of the amount owed by the
insured as a copayment, coinsurance, or deductible
under the insured's policy of accident and health or
sickness insurance.

(c) When an insured receives emergency services from a
provider who is not a participating provider in the provider
network of the insured, the insured shall not incur greater out-
of-pocket costs for emergency services than the insured would
have incurred with a participating provider of health care services. No nonparticipating provider, or agent, trustee, or assignee thereof, may maintain any action at law against an insured to collect sums in excess of the amount owed by the insured as a copayment, coinsurance, or deductible under the insured's policy of accident and health or sickness insurance.

(d) For purposes of this section:

"Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

(1) Placing the health of the person afflicted with the condition in serious jeopardy;

(2) Serious impairment to the person's bodily functions;

(3) Serious dysfunction of any bodily organ or part of the person; or

(4) Serious disfigurement of the person.

"Emergency services" means, with respect to an emergency condition:
(1) A medical screening examination as required under section 1867 of the Social Security Act, title 42 United States Code section 1395dd; and

(2) Any further medical examination and treatment, as required under section 1867 of the Social Security Act, title 42 United States Code section 1395dd, to stabilize the patient.

§431:10A-B Balance billing; hold harmless; non-emergency services. Absent a signed consent form as required under section 321- , no nonparticipating health care provider, health care facility, or hospital, or agent, trustee, or assignee thereof, may maintain any action at law against an insured to collect sums in excess of the amount owed by the insured as a copayment, coinsurance, or deductible for similar services provided by a participating provider under the insured's policy of accident and health or sickness insurance."

SECTION 4. Chapter 431, Hawaii Revised Statutes, is amended by adding a new section to article 14G to be appropriately designated and to read as follows:

"§431:14G- Out-of-network or nonparticipating provider reimbursement; rate calculation. (a) Absent a signed consent
form as required under section 321- or any contract to the contrary, a managed care plan shall reimburse a nonparticipating provider the greater of:

(1) The usual and customary rate for similar services provided by a participating provider under the insured's managed care plan; or

(2) per cent of the amount medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered.

(b) Nothing in this section shall be construed to require a managed care plan to cover services not required by law or by the terms and conditions of the managed care plan. Nothing in this section shall be construed to prohibit nonparticipating providers from seeking the uncovered cost of services rendered from enrollees who have consented to receive the health care services provided by the nonparticipating provider in accordance with section 321-.

(c) For purposes of this section "usual and customary rate" shall mean the managed care plan's average contracted rate."
SECTION 5. Chapter 432, Hawaii Revised Statutes, is amended by adding three new sections to article 1 to be appropriately designated and to read as follows:

"§432:1- Balance billing; hold harmless; emergency services. (a) Every contract between a mutual benefit society and a participating provider of health care services shall be in writing and shall set forth that in the event the mutual benefit society fails to pay for health care services as set forth in the contract, the subscriber or member shall not be liable to the provider for any sums owed by the mutual benefit society.

(b) If a contract with a participating provider has not been reduced to writing as required by subsection (a), or if a contract fails to contain the required prohibition, the participating provider shall not collect or attempt to collect from the subscriber or member sums owed by the mutual benefit society. No participating provider, or agent, trustee, or assignee thereof, may maintain any action at law against a subscriber or member to:

(1) Collect sums owed by the mutual benefit society; or

(2) Collect sums in excess of the amount owed by the subscriber or member as a copayment, coinsurance, or
deductible under the subscriber's or member's plan contract.

(c) When a subscriber or member receives emergency services from a provider who is not a participating provider in the provider network of the subscriber or member, the subscriber or member shall not incur greater out-of-pocket costs for emergency services than the subscriber or member would have incurred with a participating provider of health care services. No nonparticipating provider, or agent, trustee, or assignee thereof, may maintain any action at law against a subscriber or member to collect sums in excess of the amount owed by the subscriber or member as a copayment, coinsurance, or deductible under the subscriber's or member's plan contract.

(d) For purposes of this section:

"Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:
(1) Placing the health of the person afflicted with the
condition in serious jeopardy;
(2) Serious impairment to the person's bodily functions;
(3) Serious dysfunction of any bodily organ or part of the
person; or
(4) Serious disfigurement of the person.
"Emergency services" means, with respect to an emergency
condition:
(1) A medical screening examination as required under
section 1867 of the Social Security Act, title 42
United States Code section 1395dd; and
(2) Any further medical examination and treatment, as
required under section 1867 of the Social Security
Act, title 42 United States Code section 1395dd, to
stabilize the patient.

§432:1- Balance billing; hold harmless; non-emergency
services. Absent a signed consent form as required under
section 321-, no nonparticipating health care provider,
health care facility, or hospital, or agent, trustee, or
assignee thereof, may maintain any action at law against a
subscriber or member to collect sums in excess of the amount
owed by the subscriber or member as a copayment, coinsurance, or
deductible for similar services provided by a participating
provider under the subscriber's or member's plan contract.

§432:1- Out-of-network or nonparticipating provider
reimbursement; rate calculation. (a) Absent a signed consent
form as required under section 321- or any contract to the
contrary, a mutual benefit society shall reimburse a
nonparticipating provider the greater of:

(1) The usual and customary rate for similar services
provided by a participating provider under the
subscriber's or member's plan contract; or

(2) per cent of the amount medicare reimburses on a
fee-for-service basis for the same or similar services
in the general geographic region in which the services
were rendered.

(b) Nothing in this section shall be construed to require
a mutual benefit society to cover services not required by law
or by the terms and conditions of the plan contract. Nothing in
this section shall be construed to prohibit nonparticipating
providers from seeking the uncovered cost of services rendered
from subscribers or members who have consented to receive the
health care services provided by the nonparticipating provider
in accordance with section 321-__.

(c) For purposes of this section "usual and customary
rate" shall mean the mutual benefit society's average contracted
rate."

SECTION 6. Chapter 432D, Hawaii Revised Statutes, is
amended by adding three new sections to be appropriately
designated and to read as follows:

"§432D-__ Balance billing; hold harmless; emergency
services. (a) Every contract between a health maintenance
organization and a participating provider of health care
services shall be in writing and shall set forth that in the
event the health maintenance organization fails to pay for
health care services as set forth in the contract, the
subscriber or enrollee shall not be liable to the provider for
any sums owed by the carrier or health maintenance organization.

(b) If a contract with a participating provider has not
been reduced to writing as required by subsection (a), or if a
contract fails to contain the required prohibition, the
participating provider shall not collect or attempt to collect
from the subscriber or enrollee sums owed by the health
maintenance organization. No participating provider, or agent, trustee, or assignee thereof, may maintain any action at law against a subscriber or enrollee to:

(1) Collect sums owed by the health maintenance organization; or

(2) Collect sums in excess of the amount owed by the subscriber or enrollee as a copayment, coinsurance, or deductible under the subscriber's or enrollee's policy, contract, plan, or agreement.

(c) When a subscriber or enrollee receives emergency services from a provider who is not a participating provider in the provider network of the subscriber or enrollee, the subscriber or enrollee shall not incur greater out-of-pocket costs for emergency services than the subscriber or enrollee would have incurred with a participating provider of health care services. No nonparticipating provider, or agent, trustee, or assignee thereof, may maintain any action at law against a subscriber or enrollee to collect sums in excess of the amount owed by the subscriber or enrollee as a copayment, coinsurance, or deductible under the subscriber's or enrollee's policy, contract, plan, or agreement.
(d) For purposes of this section:

"Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

(1) Placing the health of the person afflicted with the condition in serious jeopardy;

(2) Serious impairment to the person's bodily functions;

(3) Serious dysfunction of any bodily organ or part of the person; or

(4) Serious disfigurement of the person.

"Emergency services" means, with respect to an emergency condition:

(1) A medical screening examination as required under section 1867 of the Social Security Act, title 42 United States Code section 1395dd; and

(2) Any further medical examination and treatment, as required under section 1867 of the Social Security
Act, title 42 United States Code section 1395dd, to stabilize the patient.

§432D- Balance billing; hold harmless; non-emergency services. Absent a signed consent form as required under section 321-, no nonparticipating health care provider, health care facility, or hospital, or agent, trustee, or assignee thereof, may maintain any action at law against a subscriber or enrollee to collect sums in excess of the amount owed by the subscriber or enrollee as a copayment, coinsurance, or deductible for similar services provided by a participating provider under the subscriber's or enrollee's policy, contract, plan, or agreement.

§432D- Out-of-network or nonparticipating provider reimbursement; rate calculation. (a) Absent a signed consent form as required under section 321- or any contract to the contrary, a health maintenance organization shall reimburse a nonparticipating provider the greater of:

(1) The usual and customary rate for similar services provided by a participating provider under the subscriber's or enrollee's policy, contract, plan, or agreement; or
per cent of the amount medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered.

(b) Nothing in this section shall be construed to require a health maintenance organization to cover services not required by law or by the terms and conditions of the policy, contract, plan, or agreement. Nothing in this section shall be construed to prohibit nonparticipating providers from seeking the uncovered cost of services rendered from subscribers or enrollees who have consented to receive the health care services provided by the nonparticipating provider in accordance with section 321-

(c) For purposes of this section "usual and customary rate" shall mean the carrier or health maintenance organization's average contracted rate."

SECTION 7. Section 431:10-109, Hawaii Revised Statutes, is amended to read as follows:

"[+]|§431:10-109[+] Disclosure of [health care coverage and benefits+] information. (a) In order to ensure that all individuals understand their health care options and are able to
make informed decisions, all insurers shall provide current and
prospective insureds with written disclosure of [coverages and
benefits, including information on coverage principles and any
exclusions or restrictions on coverage.] the following
information:

(1) Coverages and benefits, including information on
coverage principles and any exclusions or restrictions
on coverage;

(2) With regard to out-of-network coverage:
   (A) For non-emergency services where the insured has
   consented to services provided by an out-of-
   network provider in accordance with section
   321- , the amount that the insurer will
   reimburse under the rate calculation for out-of-
   network health care specified in section
   431:14G- ; and
   (B) Examples of anticipated out-of-pocket costs for
   frequently billed out-of-network health care
   services; and

(3) Information in writing and through an internet website
that reasonably permits an insured or prospective
insured to estimate the anticipated out-of-pocket cost for out-of-network health care services in a geographical area based upon the difference between what the insurer will reimburse for out-of-network health care services and the rate calculation specified in section 431:14G— for out-of-network health care services.

(b) The information provided shall be current, understandable, and available prior to the issuance of a policy, and upon request after the policy has been issued[—]; provided that nothing in this section shall prevent an insurer from changing or updating the materials that are made available to insureds.

(c) For purposes of this section:

"Emergency condition" means a medical or behavioral condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:
(1) Placing the health of the person afflicted with the condition in serious jeopardy;

(2) Serious impairment to the person's bodily functions;

(3) Serious dysfunction of any bodily organ or part of such person; or

(4) Serious disfigurement of the person.

"Emergency services" means, with respect to an emergency condition:

(1) A medical screening examination as required under section 1867 of the Social Security Act, title 42 United States Code section 1395dd; and

(2) Any further medical examination and treatment, as required under section 1867 of the Social Security Act, title 42 United States Code section 1395dd, to stabilize the patient."

SECTION 8. In codifying the new sections added by section 3 of this Act, the revisor of statutes shall substitute appropriate section numbers for the letters used in designating the new sections in this Act.

SECTION 9. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.
SECTION 10. This Act shall take effect upon its approval.

INTRODUCED BY:

JAN 22, 2020
Report Title:
Balance Billing; Surprise Billing; Prohibitions; Health Insurance; Nonparticipating Providers

Description:
Establishes disclosure and consent requirements for nonparticipating health care providers. Prohibits nonparticipating health care providers from balance billing patients in specific circumstances. Establishes rate calculation requirements for reimbursement of nonparticipating providers.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.
