A BILL FOR AN ACT

RELATING TO ELECTIONS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that a robust democracy requires public servants to be transparent toward those whom they are elected to serve. While in office, those in executive branch positions make many decisions that directly impact the economy. To promote a robust democracy, ensure transparency, avoid conflicts of interest, and prevent unethical decision making within an executive branch administration, leaders should provide full financial disclosure. Without full public disclosure of a candidate's past income, business relations, and indebtedness, both monetary and otherwise, a citizen cannot cast an informed vote or be assured that decisions made by the executive will be in the interests of the people, rather than for the candidate's own financial gain.

The Office of President of the United States carries the highest responsibilities, and its occupants must be held to the highest standard of transparency and accountability. The legislature notes that, to ensure transparency, a presidential
candidate once demanded that the State of Hawaii produce a birth certificate to verify the eligibility for office of a former President. Accordingly, the State will now require candidates for certain executive branch positions to produce their tax returns.

The purpose of this Act is to promote electoral transparency and accountability by requiring that candidates for President or Vice President of the United States, governor or lieutenant governor of the State, and mayor of a county in the State disclose their federal income tax returns from the five most recent taxable years.

SECTION 2. Chapter 11, Hawaii Revised Statutes, is amended by adding a new section to part I to be appropriately designated and to read as follows:

"§11- Tax returns disclosure; United States President and Vice President; governor and lieutenant governor; mayor.
(a) No later than sixty days before a general election, each candidate for the office of President or Vice President of the United States, governor or lieutenant governor, or mayor of a county, shall:
(1) Submit to the office of elections a copy of the federal income tax return of the candidate for the five most recent taxable years that a return has been filed with the Internal Revenue Service; and

(2) Provide written consent to the office of elections for the public disclosure of the federal income tax returns.

(b) Federal income tax returns submitted to the office of elections shall be made publicly available on the website of the office of elections no later than seven days after submission.

(c) Prior to placing any federal income tax return on the website of the office of elections, the chief election officer shall redact:

(1) All personal identifying numbers such as social security numbers and federal employer identification numbers, whether belonging to the taxpayer, a payor or payee, or any other entity; and

(2) Information that the director of taxation deems appropriate.

(d) Notwithstanding any law to the contrary, if a candidate for the office of President or Vice President,
governor or lieutenant governor, or mayor fails to comply with subsection (a), the name of the candidate shall not be printed upon the official ballot for the general election.

(e) For the purposes of this section, "federal income tax return" shall have the same meaning as "return" in section 6103(b)(1) of the Internal Revenue Code of 1986, as amended."

SECTION 3. Section 14-28, Hawaii Revised Statutes, is amended to read as follows:

"§14-28 Convening and voting for [president] President and [vice president] Vice President; party vote. (a) The electors, when convened, if both candidates are alive, shall vote by ballot for that person for [president] President and that person for [vice president] Vice President of the United States, who are, respectively, the candidates of the political party or group [which] that they represent, one of whom, at least, is not an inhabitant of this State.

(b) Notwithstanding any law to the contrary, the electors, when convened, shall not vote for any person for President or Vice President unless that person, at least sixty days prior to the general election, has:

(1) Complied with section 11- (a); or
(2) Posted on the internet at no charge for public viewing the candidate's federal income tax returns for the five most recent taxable years for which returns have been filed prior to the general election."

SECTION 4. This Act does not affect rights and duties that matured, penalties that were incurred, and proceedings that were begun before its effective date.

SECTION 5. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 6. This Act shall take effect upon its approval.
