A BILL FOR AN ACT

RELATING TO ADDING THE ROTH OPTION FOR THE DEFERRED COMPENSATION PLAN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAI'I:

SECTION 1. The purpose of this Act is to allow participants to deposit money in the deferred compensation plan on an after-tax basis in addition to on a pre-tax basis; thereby affording them the opportunity for tax diversification.

"[§883-12] Deferred amounts as compensation. Any compensation deferred pursuant to a plan established under this chapter shall be deemed regular compensation for the purpose of computing contributions or benefits under existing retirement, pension, or social security systems applicable to participating employees [but shall not be included in the computation of federal income taxes withheld on behalf of any participating employee.]; provided that, at the participating employee's option, all or part of such deferred compensation may be included or excluded in the computation of federal income taxes.
withheld on behalf of such participating employee, allowing for both a traditional section 457(b) contribution and a Roth 457(b) contribution."

Report Title:
State of Hawaii Deferred Compensation Plan; Roth Option

Description:
Amends section 88E-12, Hawaii Revised Statutes, to allow participants to make both pre-tax contributions and post-tax contributions to the State Deferred Compensation Plan.
DEPARTMENT: HUMAN RESOURCES DEVELOPMENT, ON BEHALF OF THE BOARD OF TRUSTEES OF THE STATE DEFERRED COMPENSATION PLAN

TITLE: A BILL FOR AN ACT RELATING TO ADDING THE ROTH OPTION FOR THE DEFERRED COMPENSATION PLAN.

PURPOSE: To allow participants to make both pre-tax contributions and post-tax contributions to the State Deferred Compensation Plan.

MEANS: Amend section 88E-12, Hawaii Revised Statutes.

JUSTIFICATION: On January 1, 2011, the Federal Small Business Jobs Act of 2010 became effective, which expanded the availability of Roth contribution provisions to government section 457(b) deferred compensation plans. While Federal law permitted a Roth contribution, State law prohibited a Roth contribution. Therefore, the addition of Roth contributions would allow Plan participants to treat their elective deferrals as Roth contributions and allow for greater after-tax savings and allow for diversification with respect to future tax rates.
