
A BILL FOR AN ACT

RELATING TO THE INFORMATION TECHNOLOGY STEERING COMMITTEE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that members of the
2 information technology steering committee have a wealth of
3 institutional knowledge regarding the State's complex
4 information systems. It is therefore in the best interests of
5 the public to allow the members of the information technology
6 steering committee to serve without term limits so their
7 institutional knowledge can continue to assist the chief
8 information officer in developing the State's information
9 technology standards and policies. Additionally, the
10 legislature finds that it is in the best interests of the public
11 for the superintendent of education and president of the
12 University of Hawaii to be able to appoint members to the
13 information technology steering committee.

14 To ensure both accountability and transparency, the
15 legislature believes that the information technology steering
16 committee should publicly receive the annual report of the
17 office of enterprise technology services at a regularly

1 scheduled committee meeting, prior to the report's submittal to
2 the governor and legislature.

3 The purpose of this Act is to:

4 (1) Amend the terms and composition of members of the
5 information technology steering committee; and

6 (2) Require the chief information officer to present an
7 annual report to the information technology steering
8 committee for public comment prior to submitting the
9 report to the governor and legislature.

10 SECTION 2. Section 27-43, Hawaii Revised Statutes, is
11 amended as follows:

12 1. By amending subsection (b) to read:

13 "(b) There is established an information technology
14 steering committee to assist the chief information officer in
15 developing the State's information technology standards and
16 policies, including but not limited to:

17 (1) Assisting the chief information officer in developing
18 and implementing the state information technology
19 strategic plans;

20 (2) Assessing executive branch departments' progress in
21 meeting the objectives defined in the state

- 1 information technology strategic plans and identifying
2 best practices for shared or consolidated services;
- 3 (3) Ensuring technology projects are selected based on
4 their potential impact and risk to the State, as well
5 as their strategic value;
- 6 (4) Ensuring that executive branch departments maintain
7 sufficient tools to assess the value and benefits of
8 technology initiatives;
- 9 (5) Assisting the chief information officer in developing
10 state information technology standards and policies;
11 and
- 12 (6) Clarifying the roles, responsibilities, and authority
13 of the office of enterprise technology services,
14 specifically as it relates to its statewide duties.

15 The information technology steering committee shall consist
16 of eleven members~~[7]~~ appointed for four-year terms, without
17 regard to section 26-34, with ~~[four]~~ three members to be
18 appointed by the senate president, ~~[four]~~ three members to be
19 appointed by the speaker of the house of representatives, one
20 member to be appointed by the chief justice, ~~[and]~~ one member to
21 be appointed by the governor, one member to be appointed by the

1 superintendent of education, and one member to be appointed by
2 the president of the University of Hawaii, and [shall] may
3 include representatives from executive branch departments[~~7~~
4 including large user agencies such as the department of
5 education and the University of Hawaii; the judiciary;], the
6 legislature[~~7~~], and private individuals. The chief information
7 officer shall serve as an ex officio member and as the chair of
8 the committee [and shall ensure that the committee is evaluated
9 periodically]. The committee shall select a vice chair from
10 among its members. Each member shall hold office until
11 reappointed by its respective appointing authority at the end
12 the member's term or until the member's successor is appointed."

13 2. By amending subsection (e) to read:

14 "(e) The chief information officer shall [~~submit~~] present
15 an annual report for the office of enterprise services to the
16 information technology steering committee for public comment
17 prior to submitting the annual report to the governor and the
18 legislature no later than twenty days prior to the convening of
19 each regular session of the legislature. The annual report
20 shall include updates on the activities and programs under the
21 authority of the chief information officer and the information

1 technology steering committee, and the expenditures of all
2 moneys received from all sources and deposited into the
3 information technology trust account and the shared services
4 technology special fund."

5 SECTION 3. The president of the senate and the speaker of
6 the house of representatives shall each remove one member they
7 respectively appointed to the information technology steering
8 committee, and the vacancies for which shall be filled by the
9 superintendent of education and president of the University of
10 Hawaii pursuant to section 2 of this Act.

11 SECTION 4. Statutory material to be repealed is bracketed
12 and stricken. New statutory material is underscored.

13 SECTION 5. This Act shall take effect on July 1, 2060.

Report Title:

Information Technology Steering Committee; Members; Appointing Authorities; Terms; Chief Information Officer; Report

Description:

Amends the terms and composition of members of the information technology steering committee. Requires the chief information officer to present an annual report to the information technology steering committee for public comment prior to submitting the report to the governor and legislature. Effective 7/1/2060. (HD1)
