

STAND. COM. REP. NO.

1154

Honolulu, Hawaii

MAR 23 , 2021

RE: H.C.R. No. 95

Honorable Scott K. Saiki
Speaker, House of Representatives
Thirty-First State Legislature
Regular Session of 2021
State of Hawaii

Sir:

Your Committee on Transportation, to which was referred
H.C.R. No. 95 entitled:

"HOUSE CONCURRENT RESOLUTION URGING HAWAII HELICOPTER
COMPANIES TO AVOID CONDUCTING NON-EMERGENCY FLIGHTS OVER
RESIDENTIAL NEIGHBORHOODS,"

begs leave to report as follows:

The purpose of this measure is to urge Hawaii helicopter
companies to avoid conducting non-emergency flights over
residential neighborhoods.

Your Committee received testimony in support of this measure
from one member of Hawaii's congressional delegation, the Windward
Coalition, O'ahu Tour Helicopter Safety and Noise Inter-Action
Group, HICop, and three individuals.

Your Committee finds that commercial helicopter flights are a
popular activity in Hawaii. However, while these flights are
popular amongst visitors of the State, it has become a nuisance
and danger to many residents as these commercial helicopter
flights fly over residential neighborhoods. The increase in
commercial helicopter flights has also increased safety risks and
noise pollution for many residents. Although commercial
helicopter flights have contributed to economic growth in the
State, there are safety concerns when those flights take place
over residential areas. Your Committee believes that a compromise

2021-2652 HCR95 HSCR HMSO

would be to limit helicopter companies from flying over residential areas, thereby improving the quality of life for many residents.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Respectfully submitted on
behalf of the members of the
Committee on Transportation,

HENRY J.C. AQUINO, Chair
