

STAND. COM. REP. NO.

1419

Honolulu, Hawaii

MAR 30 2021

RE: S.R. No. 169
S.D. 1

Honorable Ronald D. Kouchi
President of the Senate
Thirty-First State Legislature
Regular Session of 2021
State of Hawaii

Sir:

Your Committee on Energy, Economic Development, and Tourism,
to which was referred S.R. No. 169 entitled:

"SENATE RESOLUTION COMMENDING THE GOVERNOR ARIYOSHI
FOUNDATION FOR ITS SUSTAINED VISION AND LEADERSHIP IN
SUPPORTING SPACE RESEARCH AND EXPLORATION THROUGH THE HAWAII
SPACE INDUSTRY INNOVATION PROGRAM (HISPACE) AND ENDORSING
THIS PROGRAM'S ONGOING EFFORTS TO ESTABLISH A GLOBAL ALLIANCE
FOR INTERNATIONAL COLLABORATION IN SPACE (GALIX),
HEADQUARTERED IN HAWAII, AS A MULTINATIONAL COALITION TO
BOTH EXPAND AND DIVERSIFY SPACE VENTURES FOR ALL OF
HUMANKIND, THEREBY ENHANCING HAWAII'S PIONEERING ROLE ON THE
FRONTIERS OF SPACE,"

begs leave to report as follows:

The purpose and intent of this measure is to commend the
Governor Ariyoshi Foundation for its sustained vision and
leadership in supporting space research and exploration through
the Hawaii Space Industry Innovation Program (HiSPACE) and
endorsing this program's ongoing efforts to establish a Global
Alliance for International Collaboration in Space (GALIX),
headquartered in Hawaii, as a multinational coalition to both
expand and diversify space ventures for all of humankind, thereby
enhancing Hawaii's pioneering role on the frontiers of space.

Your Committee received testimony in support of this measure
from Space Renaissance International; Lockheed Martin Commercial

Launch Service; Hawaii Space Industry Innovation Program; ORBITBeyond, Inc.; and two individuals.

Your Committee finds that humanity is now embarking on a new era of space enterprise, with both public and private research and development institutions worldwide exploring innovative approaches to advance space science, exploration, and development. Your Committee recognizes that a team of visionary space professionals, coordinated through the Governor Ariyoshi Foundation's HiSPACE Program is now exploring creative ways to engage with government agencies, scientific institutions, universities, commercial space ventures, and space organizations worldwide.

Your Committee further finds that it is important to support a GALIX initiative, which both inspires and promotes innovative approaches to space enterprise by exploring multiple opportunities to expand and diversify space education, training, and research and that its goals and objectives should continue to be developed by an international steering committee to explore and promote new types of cooperative space ventures as well as innovative organizational models and international alliances.

Your Committee also finds that to promote and realize the vision and full potential of GALIX, the State of Hawaii should explore ways to provide both administrative and funding support for a GALIX initiative in consultation with the HiSPACE Advisory Team and the Governor Ariyoshi Foundation.

Accordingly, your Committee has amended this measure by:

- (1) Adding language commending the Governor Ariyoshi Foundation for its sustained vision and leadership in supporting space research and exploration through HiSPACE and endorsing GALIX;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 169, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 169, S.D. 1.

Respectfully submitted on
behalf of the members of the
Committee on Energy, Economic
Development, and Tourism,

GLENN WAKAI, Chair

The Senate
