JUSTIFICATION SHEET

DEPARTMENT: University of Hawaii

TITLE: A BILL FOR AN ACT RELATING TO THE HAWAII
CANCER RESEARCH SPECIAL FUND.

PURPOSE: Amend the reporting requirement on the
Hawaii cancer research special fund from
semi-annually to annually.

MEANS: Amend section 304A-2168(d), Hawaii Revised
Statutes.

JUSTIFICATION: The purpose of this Act is to change the
semi-annual reporting requirement to the
legislature on the moneys in the Hawaii
Cancer Research Special Fund to an annual
report. Annual reporting will reduce the
administrative burden of creating the report
twice a year, while maintaining legislative
oversight equivalent to similar Hawaii
special funds.

When this special fund was created in 2006,
there were many uncertainties which may have
made semi-annual reporting necessary for
oversight. With a building in place since
2013 and Cancer Center financial stability
obtained over the past three years, annual
reporting should now be sufficient for
legislative oversight.

Impact on the public: None.

Impact on the department and other agencies:
The Cancer Center will benefit from reduced
administrative burden for creating and
disseminating the report.

GENERAL FUND: None.

OTHER FUNDS: None.
