# HOUSE CONCURRENT RESOLUTION

REQUESTING THE WILLIAM S. RICHARDSON SCHOOL OF LAW TO ESTABLISH  
THE BURIAL SITES WORKING GROUP TO EXAMINE THE BURIAL SITES  
PROGRAM UNDER THE DEPARTMENT OF LAND AND NATURAL RESOURCES'  
STATE HISTORIC PRESERVATION DIVISION.

1           WHEREAS, the Hawaii State Constitution recognizes the value  
2 of conserving and developing the historic and cultural property  
3 within the State; and  
4

5           WHEREAS, according to section 6E-1, Hawaii Revised  
6 Statutes, the historic and cultural heritage of the State is  
7 among its most important assets and that the rapid social and  
8 economic developments of contemporary society threaten to  
9 destroy the remaining vestiges of this heritage; and  
10

11           WHEREAS, section 6E-1, Hawaii Revised Statutes, provides  
12 that it is in the public's interest to engage in a comprehensive  
13 program of historic preservation at all levels of government to  
14 promote the use and conservation of such property for the  
15 education, inspiration, pleasure, and enrichment of its  
16 citizens; and  
17

18           WHEREAS, section 6E-1, Hawaii Revised Statutes, sets forth  
19 that the State must provide leadership in preserving, restoring,  
20 and maintaining historic and cultural property to ensure the  
21 administration of historic and cultural property in a spirit of  
22 stewardship and trusteeship for future generations, and to  
23 conduct activities, plans, and programs in a manner consistent  
24 with the preservation and enhancement of historic and cultural  
25 property; and  
26

27           WHEREAS, native Hawaiian traditional prehistoric and  
28 unmarked burials are especially vulnerable and often not  
29 afforded adequate protection of law, which assures dignity and  
30 freedom from unnecessary disturbance; and  
31

## H.C.R. NO. 133

1           WHEREAS, the Island Burial Councils were created by Act  
2 306, Session Laws of Hawaii 1990 (Act 306), to further its  
3 purpose of augmenting current procedures relating to the proper  
4 care and protection of burial sites found in the State, avoid  
5 future disputes arising from the discovery of human skeletal  
6 remains, and provide additional protection for native Hawaiian  
7 burial sites of high preservation value; and  
8

9           WHEREAS, the Department of Land and Natural Resources'  
10 State Historic Preservation Division serves to protect and  
11 preserve historic properties significant to Hawaii's history  
12 through several program areas; and  
13

14           WHEREAS, audits of the State Historic Preservation Division  
15 have reported serious internal strife and a significant backlog  
16 of project reviews, resulting in the undermining of the  
17 preservation and protection of unmarked burial sites throughout  
18 the islands; and  
19

23 collective duties and responsibilities to protect Hawaiian  
24 burial sites and care for iwi kupuna (ancestral bones) and moepu  
25 (funerary possessions); and  
26

27           WHEREAS, the chairpersons of the Island Burial Councils  
28 asserted that systemic and chronic mismanagement of the burial  
29 councils by the Department of Land and Natural Resources' State  
30 Historic Preservation Division has effectively undermined the  
31 ability of the Island Burial Councils to exercise their legally  
32 established authorities, rights, and responsibilities, resulting  
33 in the inability to provide protection and cultural care to  
34 unmarked Hawaiian burial sites in accordance with the program  
35 enacted by Act 306; and  
36

37           WHEREAS, the chairpersons of the Island Burial Councils  
38 cited examples of the State Historic Preservation Division's  
39 mismanagement of the Island Burial Councils and Burial Sites  
40 program, including the failure to:
