Comments: Please support this funding to address the much needed recreational facility in a district that has seen population growth as noted in the last two census. Present facilities has not kept up with the growth in this community of Waimea. Sporting events, either hosted by the County as well as the State DOE, and annual community events are ever so popular with residents from around the island and our visitors as well, adds to some dangerous situations, such as insufficient parking and bathroom facilities. With Hawaii County's partnership, this funding will expedite this much needed regional facility. Your support is greatly appreciated.

Comments: The community has come together to select a site for the park. Please don't let us down. There is a lack of adequate park facilities for our ever expanding community, existing playing conditions are overcrowded at our existing small park, patrons parking on Waimea's main street in the middle of town are exposed to traffic hazards. Kohala needs a facility that can foster a more healthy and safer lifestyle for our adults and keiki.
