Testimony IN SUPPORT of Senate Bill 2329 Relating To
Security Interests In Real Property

Dear Senator Keith-Agaran, Senator Shimabukuro, and Members of the Senate Committee On Judiciary and Labor:

Thank you for considering this testimony in support of Senate Bill 2329. In my experience, it is common for lenders to secure their loans with both mortgages and assignments of the borrower's rights in leases and rents. These security interests are often recorded in the bureau of conveyances and the office of the assistant registrar as separate documents with separate document numbers.

When the loans are paid and satisfied, we have seen many instances where the parties will make sure to record a release of the mortgage, but they overlook the need to record a release/reassignment of the security interest in the leases and rents. The result is that there are many of these recorded assignments that are no longer enforceable but continue to clog the public record because they continue to be found in subsequent title searches involving the property.

Title companies currently have authority under Hawaii Revised Statutes Section 506-8 to institute a procedure for recording a release of a satisfied mortgage where the lender has failed to do so; however, there is no corresponding mechanism for clearing the public record of the assignments of leases and rents. The current version of Senate Bill 2329 is designed to allow this.

The benefit to the public will be that title companies will be better able to facilitate clearing extraneous security interests from titles to real property.

I appreciate the opportunity to submit this testimony in support of Senate Bill 2329, and respectfully request that the Committee vote in favor of the Bill.

Respectfully submitted,

Lorrin Hirano
