
A BILL FOR AN ACT

RELATING TO BEACH PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's beaches are
2 important and unique components of the array of natural
3 resources that make our islands a special place for our
4 residents and an attractive destination for visitors. Recent
5 studies by researchers at the University of Hawaii indicate that
6 our beaches are disappearing at an alarming rate, with seventy
7 per cent of beaches undergoing chronic erosion, over thirteen
8 miles of beach completely lost to erosion, and inappropriate
9 shoreline development over the past century. Because of the
10 growing demand for the use of beaches, the State needs to
11 reinvest in its beaches, as one of its important and valuable
12 natural resources, to conserve and restore these important
13 assets by more efficiently distributing limited financial
14 resources.

15 The purpose of this Act is to:

16 (1) Allocate transient accommodations tax revenues to the
17 special land and development fund to finance
18 restoration and conservation activities;

- 1 (2) Enable the effective development and implementation of
- 2 plans to slow the degradation of our beaches; and
- 3 (3) Encourage the restoration of beaches through the
- 4 coordination of activities involving the counties and
- 5 the formation of public-private partnerships.

6 SECTION 2. Section 171-19, Hawaii Revised Statutes, is
7 amended by amending subsection (a) to read as follows:

8 "(a) There is created in the department a special fund to
9 be designated as the "special land and development fund".
