# A BILL FOR AN ACT

RELATING TO BLOOD GLUCOSE MONITORING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Section 302A-1164, Hawaii Revised Statutes, is  
2 amended as follows:

3 1. By amending its title and subsections (a) and (b) to  
4 read:

5 "§302A-1164 Self-administration of medication by student  
6 and emergency administration; self-testing and self-management  
7 of diabetes by student; assistance with diabetes testing; blood  
8 glucose monitoring by student; assistance with blood glucose  
9 monitoring; permitted. (a) The department shall permit:

10 (1) The self-administration of [~~medication~~]:

11 (A) Medication by a student for asthma, anaphylaxis,  
12 diabetes, or other potentially life-threatening  
13 illnesses; and

14 (B) Blood glucose monitoring by a student; and

15 (2) Department employees and agents to volunteer to  
16 administer:

- 1 (A) Insulin or assist a student in administering
- 2 insulin via the insulin delivery system that the
- 3 student uses;
- 4 (B) Glucagon in an emergency situation to students
- 5 with diabetes; [~~or~~]
- 6 (C) Auto-injectable epinephrine in an emergency
- 7 situation to students with anaphylaxis[-]; or
- 8 (D) Blood glucose monitoring or assist a student with
- 9 blood glucose monitoring.

10 (b) The student's parent or guardian shall provide the  
11 department with:

- 12 (1) Written authorization for the self-administration of
- 13 medication or the emergency administration of glucagon
- 14 or auto-injectable epinephrine;
- 15 (2) In the case of self-administration of medication:
  - 16 (A) Written certification from the student's
  - 17 physician, advanced practice registered nurse, or
  - 18 physician assistant stating that the student with
  - 19 diabetes may perform the student's own blood
  - 20 glucose checks, administer insulin through the
  - 21 student's insulin delivery system, and otherwise

1 attend to the care and management of the  
2 student's diabetes during any school-related  
3 activity, and that the student may possess on the  
4 student's person all necessary supplies and  
5 equipment to perform the diabetes monitoring and  
6 treatment activities, if applicable; and

7 (B) Written certification from the student's  
8 physician, advanced practice registered nurse, or  
9 physician assistant stating that the student:

10 (i) Has asthma, anaphylaxis, or another  
11 potentially life-threatening illness; and

12 (ii) Is capable of, and has been instructed in,  
13 the proper method of self-administration of  
14 medication[?] or blood glucose monitoring;

15 and

16 (3) In the case of administration of insulin or emergency  
17 administration of glucagon to a student with diabetes,  
18 blood glucose monitoring of a student, or auto-  
19 injectable epinephrine to a student with anaphylaxis,  
20 written certification from the student's physician,  
21 advanced practice registered nurse, or physician

1           assistant stating that the student has medical orders  
2           that insulin, glucagon, blood glucose monitoring, or  
3           auto-injectable epinephrine may be administered by a  
4           volunteer."

5           2. By amending subsection (g) to read:

6           "(g) Any employee or agent who volunteers to administer  
7           insulin or glucagon in an emergency situation to a student with  
8           diabetes or auto-injectable epinephrine to a student with  
9           anaphylaxis or who volunteers to administer or assist a student  
10          with blood glucose monitoring shall receive instruction in the  
11          proper administration of insulin, glucagon, [~~or~~] auto-injectable  
12          epinephrine, or blood glucose monitoring by a qualified health  
13          care professional. A "qualified health care professional" means  
14          a licensed physician, physician assistant, advanced practice  
15          registered nurse or registered nurse, or certified diabetes  
16          educator. The student's parent or guardian shall supply the  
17          school with the glucagon kit required to administer the  
18          glucagon, any supplies necessary to administer insulin, blood  
19          glucose monitoring, or with auto-injectable epinephrine supplies  
20          to administer epinephrine. The school shall store the glucagon  
21          kit, insulin supplies, blood glucose monitoring supplies, or

# S.B. NO. 2975

1 auto-injectable epinephrine supplies in a secure but accessible  
2 location."

3 SECTION 2: Statutory material to be repealed is bracketed  
4 and stricken. New statutory material is underscored.

5 SECTION 3. This Act shall take effect on July 1, 2016.
