

EXECUTIVE CHAMBERS
HONOLULU

DAVID Y. IGE
GOVERNOR

July 5, 2018

GOV. MSG. NO. 1208

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Twenty-Ninth State Legislature
State Capitol, Room 409
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki,
Speaker and Members of the
House of Representatives
Twenty-Ninth State Legislature
State Capitol, Room 431
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on July 5, 2018, the following bill was signed into law:

HB1778 HD1 SD1 CD1

RELATING TO WORKERS' COMPENSATION
MEDICAL BENEFITS
ACT 107 (18)

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO WORKERS' COMPENSATION MEDICAL BENEFITS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that in the course of
2 duty, firefighters are exposed to contaminants known or
3 suspected to cause cancer. Although fire departments use the
4 best equipment and management practices available, firefighters
5 are regularly exposed to multiple carcinogens since residential
6 and vehicular fires release highly concentrated toxicants from
7 burning plastics and other synthetic materials. In October
8 2013, researchers from the National Institute for Occupational
9 Safety and Health published a study finding that firefighters
10 have a higher risk for cancer than the general population. The
11 study reviewed cancer diagnoses and deaths among thirty thousand
12 firefighters from the Chicago, Philadelphia, and San Francisco
13 fire departments and found that oral cancer and cancers of the
14 respiratory, digestive, and urinary systems were the most common
15 diagnoses.

16 The legislature further finds that H.C.R. No. 32, H.D. 1,
17 S.D. 1, regular session of 2016, convened a task force to
18 examine issues pertaining to cancer in the firefighting

1 profession. The task force found that some states, including
2 Arizona, California, Nevada, North Dakota, and Virginia, have
3 statutorily provided for special benefit programs for
4 firefighters diagnosed with cancer due to the higher
5 occupational risk they assume in the performance of their
6 duties.

7 The legislature believes that providing sufficient workers'
8 compensation coverage for firefighters will ensure that
9 firefighters receive proper medical treatment in a timely manner
10 while reducing the emotional toil, financial burden, and impact
11 of a decreased quality of life on firefighters diagnosed with
12 cancer and their families.

13 The purpose of this Act is to address medical claims and
14 include an expanded list of target organs as identified in the
15 University of Cincinnati study. The legislature notes that this
16 Act does not create any new benefits or enhance the existing
17 benefits available to firefighters. Rather, this Act improves
18 firefighters' access to comprehensive medical coverage while
19 addressing medical coverage for specific organs affected by
20 diseases arising out of and in the course of their employment.

1 SECTION 2. Chapter 386, Hawaii Revised Statutes, is
2 amended by adding two new sections to part II, subpart A, to be
3 appropriately designated and to read as follows:

4 "§386- Medical care, services, and supplies for
5 controverted claims. In the event of a controverted claim, the
6 injured employee's private health care plan shall pay for or
7 provide medical care, services, and supplies in accordance with
8 the private health care contract. When the claim is accepted or
9 determined to be compensable, the employer shall reimburse the
10 private health care plan and the injured employee in amounts as
11 authorized by this chapter and rules adopted by the director.

12 §386- Medical care, services, and supplies for
13 firefighters suffering from cancer. If a claim for leukemia,
14 multiple myeloma, non-Hodgkin lymphoma, or cancer of the lung,
15 brain, stomach, esophagus, intestines, rectum, kidney, bladder,
16 prostate, or testes filed by an employee with five or more years
17 of service as a firefighter is accepted or determined to be
18 compensable, section 386-21 shall remain applicable; provided
19 that the employer shall be liable for medical care, services,
20 and supplies for a minimum of one hundred ten per cent, and not
21 to exceed one hundred fifty per cent of fees prescribed in the

1 Medicare Resource Based Relative Value Scale applicable to
2 Hawaii as prepared by the United States Department of Health and
3 Human Services."

4 SECTION 3. New statutory material is underscored.

5 SECTION 4. This Act shall take effect upon its approval.

APPROVED this 05 day of JUL, 2018

GOVERNOR OF THE STATE OF HAWAII

HB No. 1778, HD 1, SD 1, CD 1

THE HOUSE OF REPRESENTATIVES OF THE STATE OF HAWAII

Date: May 1, 2018
Honolulu, Hawaii

We hereby certify that the above-referenced Bill on this day passed Final Reading in the House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2018.

Scott K. Saiki
Speaker
House of Representatives

Brian L. Takeshita
Chief Clerk
House of Representatives

THE SENATE OF THE STATE OF HAWAI'I

Date: May 1, 2018
Honolulu, Hawaii 96813

We hereby certify that the foregoing Bill this day passed Final Reading in the
Senate of the Twenty-ninth Legislature of the State of Hawai'i, Regular Session of 2018.

President of the Senate

Clerk of the Senate
