Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on July 2, 2021, the following bill was signed into law:

HB0767 HD2 SD2

RELATING TO THE FARM TO SCHOOL
PROGRAM
ACT 175 (21)

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO THE FARM TO SCHOOL PROGRAM.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that a key reason for the
2 creation of the Hawaii farm to school program in 2015 was to
3 improve the health of the State's keiki by encouraging
4 consumption of fresh, locally grown foods, both for their
5 nutritional content and to promote healthy behaviors at an early
6 age.

7 The legislature further finds that setting a target goal of
8 providing a fixed minimum percentage of locally sourced food in
9 public schools can bring the farm to school program closer to
10 achieving tangible results for the health of Hawaii's students,
11 including an increased consumption of fresh fruits and
12 vegetables and the potential to minimize diet-related diseases
13 in childhood, such as obesity and diabetes.

14 The purpose of this Act is to move the Hawaii farm to
15 school program from the department of agriculture to the
16 department of education and establish a programmatic goal that

1 at least thirty per cent of food served in public schools be
2 locally sourced by 2030.

3 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
4 amended by adding two new sections to subpart C of part II to be
5 appropriately designated and to read as follows:

6 "§302A- Hawaii farm to school program; farm to school
7 coordinator. (a) There is established within the department a
8 Hawaii farm to school program. The purpose of the farm to
9 school program shall be to:

- 10 (1) Improve student health;
- 11 (2) Develop an educated agricultural workforce;
- 12 (3) Enrich the local food system through the support and
13 increase of local food procurement for the State's
14 public schools;
- 15 (4) Accelerate garden and farm-based education for the
16 State's public school students; and
- 17 (5) Expand the relationships between public schools and
18 agricultural communities.

19 (b) The Hawaii farm to school program shall be headed by a
20 farm to school coordinator who shall work in collaboration with
21 the appropriate stakeholders to address the issues of supply,

1 demand, procurement, and consumption of Hawaii-grown foods in
2 state facilities, primarily education facilities, and take
3 reasonable steps to incorporate more agriculture and nutrition
4 education in schools.

5 §302A- Farm to school meals. (a) By 2030, the
6 department shall meet the local farm to school meal goal that
7 thirty per cent of food served in public schools shall consist
8 of locally sourced products, as measured by the percentage of
9 the total cost of food.

10 (b) The department shall submit an annual report to the
11 legislature no later than twenty days prior to the convening of
12 each regular session, beginning with the regular session of

- 12 (9) The percentage of locally sourced products purchased
- 13 from the department's largest distributors, as
