# A BILL FOR AN ACT

RELATING TO CATALYTIC CONVERTERS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that in recent years, the  
2 State has seen an increase in the number of catalytic converters  
3 being stolen from vehicles and resold for profit. Catalytic  
4 converters contain precious metals such as palladium, platinum,  
5 and rhodium, making catalytic converters highly sought after by  
6 thieves due to their high resale value. Catalytic converters  
7 are essential to motor vehicles, as they remove toxic elements  
8 from the exhaust stream, and thus are federally mandated to be  
9 installed on a vehicle. A catalytic converter can be stolen in  
10 less than sixty seconds, which can cause extensive damage to a  
11 vehicle, leading to hundreds, if not thousands of dollars in  
12 repair costs.

13           The purpose of this Act is to:

14           (1) Establish provisions to regulate the purchase of  
15           catalytic converters by used motor vehicle parts  
16           dealers and palladium, platinum, and rhodium by scrap  
17           dealers and recyclers;

- 1           (2) Subject persons who violate certain provisions of the
- 2                   used motor vehicle parts and accessories law and scrap
- 3                   dealer law to a class C felony;
- 4           (3) Establish the class C felony offense of theft of
- 5                   catalytic converter; and
- 6           (4) Require each county police department to maintain a
- 7                   database of certain reported information and initiate
- 8                   education programs to encourage its residents to take
- 9                   measures to prevent catalytic converter thefts.

10           SECTION 2. Chapter 289, Hawaii Revised Statutes, is  
11 amended by adding two new sections to be appropriately  
12 designated and to read as follows:

13           "§289-A Statement required; catalytic converter. (a)  
14 Every licensee, before the purchase of a catalytic converter  
15 within the State, shall obtain a written statement signed by the

9           seller's photo identification card or driver's license

12 statement, receipt or notarized declaration, photographs of each  
13 individual catalytic converter offered for sale, and photograph  
14 of the seller and photocopy of the seller's photo identification  
15 may be examined at any time by the director of finance, chief of  
16 police, attorney general, prosecuting attorney, or their  
17 designees.

18           (h) Every licensee, when the licensee purchases a  
19 catalytic converter within the State, shall attach a tag to the

15 to issue valid identification. The check may be mailed to the  
16 address shown on the identification, or the licensee may arrange  
17 for the check to be picked up personally by the seller at the  
18 place of business of the licensee."
