Thirty-First State Legislature
State Capitol, Room 431
Honolulu, Hawai‘i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on July 7, 2022, the following bill was signed into law:

HB2024 HD1 SD2 CD1 RELATING TO MAUNA KEA.
ACT 255

Sincerely,

David Y. Ige
Governor, State of Hawai‘i
A BILL FOR AN ACT

RELATING TO MAUNA KEA.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

PART I

SECTION 1. The purpose of this Act is to establish the
Mauna Kea stewardship and oversight authority and a transition
and governance structure for the management of Mauna Kea lands.

SECTION 2. The Hawaii Revised Statutes is amended by
adding a new chapter to be appropriately designated and to read
as follows:

"CHAPTER

MAUNA KEA STEWARDSHIP AND OVERSIGHT AUTHORITY

§ -1 Findings and purpose. The legislature finds that
Mauna Kea serves as an important cultural and genealogical site
to the people of Hawaii, particularly to Native Hawaiians. The
summit region of Mauna Kea is a spiritual and special place of
significance that is home to cultural landscapes, fragile
habitats, and historical and archaeological artifacts. Due to
its topographical prominence, Mauna Kea is also a highly valued
site for astronomical study, which produces many significant
discoveries that contribute to humanity's study and
understanding of the universe. However, in recent years, Mauna Kea has come to symbolize a rigid dichotomy between culture and science, often leading to polarization between stakeholders on Mauna Kea and local communities. This is a dynamic that plays out over many issues in many places. The critical significance of Mauna Kea for both culture and science offers an urgent and unique opportunity to surmount the dichotomy and develop new ways to mutually steward Mauna Kea. Therefore, a reformation of the stewardship of Mauna Kea is an issue of the highest priority in the State.

To commence the resolution of these issues to protect Mauna Kea and bring about a more harmonious coexistence of uses atop the mountain, the legislature has established the Mauna Kea stewardship and oversight authority and the governance structure contained in this chapter to protect Mauna Kea for future generations and manage the lands contained therein for the purpose of fostering a mutual stewardship paradigm in which ecology, the environment, natural resources, cultural practices, education, and science are in balance and synergy.

The legislature also recognizes that the enactment of this chapter is a pivot point that will require a transition, during
which many principles and details will yet need to be
ascertained. It is expected that amendments and additions will
need to be made in future legislative sessions to ensure a
mutually beneficial balance is always maintained for Mauna Kea
and the people of Hawaii.

The legislature declares that the creation of the Mauna Kea
stewardship and oversight authority and the transition and
governance structure established in this chapter serve the
public interest and are matters of statewide concern.

§ -2 Definitions. As used in this chapter, unless the
context otherwise requires:
