
A BILL FOR AN ACT

RELATING TO PROCUREMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that small businesses are
2 the lifeblood of the State's economy. Act 50, Session Laws of
3 Hawaii 2005, was enacted to promote the growth and development
4 of small businesses in Hawaii through the establishment of a
5 small business preference program as part of the procurement
6 process. Additionally, Act 213, Session Laws of Hawaii 2007,
7 approved the funding for a full-time position in the state
8 procurement office with the purpose of implementing part IX of
9 the Hawaii Public Procurement Code, relating to assistance to
10 small businesses. Unfortunately, due to funding and staffing
11 cuts in 2008, this position was never filled and was eliminated
12 from the state procurement office. Although section 3-124-73,
13 Hawaii Administrative Rules, and related interim small business
14 preference rules went into effect in 2007, there was no
15 dedicated position to carry out those rules. Unfortunately, in
16 the absence of this dedicated position or a small business
17 office, these interim rules failed to help the small business

1 community and expired in 2011. Act 42, Session Laws of Hawaii
2 2017, created a small business initiative; however, the
3 initiative did not receive funding and the enabling legislation
4 sunset in 2020.

5 The legislature also finds that small businesses owned by
6 veterans, Native Hawaiians, and women are the most vulnerable
7 and disadvantaged businesses within the State. The legislature
8 further finds that an initiative is needed to identify,
9 quantify, and address the needs of these small businesses and
10 measure and track their present participation in state small
11 business contracts.

12 The legislature finds that the State must create, develop,
13 and implement strategies to ensure that small businesses,
14 including businesses owned by veterans, Native Hawaiians, and
15 women, are able to effectively participate in small business
16 contracting opportunities within our State.

17 The legislature notes that previously developed
18 administrative rules with respect to the development of small
19 business contracts with the State were not effective because of
20 a lack of appropriate business metrics and data available to

1 provide relevant information necessary for the creation of those
2 rules.

3 The legislature finds that any solution to address small
4 business concerns in the State must be attempted incrementally.
5 The legislature also notes that the state procurement office is
6 now ready to address part IX of the Hawaii Public Procurement
7 Code and assist self-identified small businesses in obtaining
8 state contracts. The legislature intends to facilitate this
9 process by creating a small business assistance initiative to
10 collect and develop relevant data and information necessary for
11 small businesses to compete for and obtain small business
12 contracts and identify and resolve issues that must be addressed
13 to develop an effective small business state contracting program
14 within the state procurement process.

15 The purpose of this Act is to establish the small business
16 assistance initiative and provide staffing for the
17 implementation of part IX of the Hawaii Public Procurement Code,
18 relating to assistance to small businesses.

19 SECTION 2. Chapter 103D, Hawaii Revised Statutes, is
20 amended by adding a new section to part IX to be appropriately
21 designated and to read as follows:

1 "§103D- Small business assistance initiative;
2 coordinator; small business office; established. (a) There is
3 established within the state procurement office a small business
4 assistance initiative to facilitate the collection and

11 (c) There is established the position of small business

20 administrator of the state procurement office.

1 (d) There is established, as part of the initiative under
2 subsection (a) and within the state procurement office, a small
3 business office. A contract to hire a firm to perform the
4 operations and maintenance of the small business office for the
5 initiative shall be executed. The contract shall be awarded to
6 an existing Hawaii-based small business advocacy group with
7 experience in helping small businesses obtain state and federal
8 contracts. The awardee shall be a small business owned by a
9 Native Hawaiian, veteran, or female, and shall have an
10 understanding of the small business community to be able to meet
11 the requirements of the small business initiative. The small
12 business office shall be responsible for:

- 13 (1) Providing timely training and reports relating to key
14 developments in the small business community;

7 important to the initiative by the state procurement

16 ensure that small businesses, including businesses owned by
17 veterans, native Hawaiians, and women, are able to effectively

19 State."
