
SENATE CONCURRENT RESOLUTION

URGING RETAIL STORES AND PHARMACIES DOING BUSINESS IN THE STATE
TO ADOPT A POLICY ON A NATIONAL AND LOCAL LEVEL
GUARANTEEING AN INDIVIDUAL'S UNHINDERED ACCESS TO ALL
UNITED STATES FOOD AND DRUG ADMINISTRATION-APPROVED
CONTRACEPTIVES.

1 WHEREAS, the benefits of contraception are widely
2 recognized and include improved health and well-being, reduced
3 global maternal mortality, health benefits of pregnancy spacing
4 for maternal and child health, female engagement in the work
5 force, and economic self-sufficiency for women; and
6

7 WHEREAS, ninety-nine percent of women in the United States
8 who have been sexually active report having used some form of
9 contraception; and
10

11 WHEREAS, non-contraceptive benefits of certain
12 contraceptives may include decreased bleeding and pain with
13 menstrual periods and reduced risk of gynecologic disorders,
14 including a decreased risk of endometrial and ovarian cancer;
15 and
16

17 WHEREAS, according to the 2020 Hawaii Pregnancy Risk
18 Assessment Monitoring System report, between 2012 and 2016,
19 approximately forty-seven percent of all pregnancies in Hawaii
20 were unintended; and
21

22 WHEREAS, the women most likely to have an unintended
23 pregnancy in the State were Native Hawaiian, Filipino, or
24 Pacific Islander; those under twenty years of age, unmarried,
25 and insured through Medicaid or uninsured before pregnancy;
26 those who had three or more previous live births; or those who
27 were at or below one hundred percent of the federal poverty
28 level; and
29

1 WHEREAS, unintended pregnancy is related to adverse health
2 behaviors including late prenatal care; smoking during
3 pregnancy; placing the infant on their stomach or side to sleep,
4 which is a major risk factor for sudden infant death; and a
5 greater likelihood of postpartum depression; and
6

7 WHEREAS, one issue contributing to unintended pregnancies
8 is lack of access to contraception, which includes availability,
9 affordability, insurance coverage, transportation, and
10 convenience; and
11

12 WHEREAS, pharmacist refusals to fill contraceptive
13 prescriptions or provide emergency contraception, as well as
14 pharmacies that refuse to stock contraceptives, are considerable
15 barriers to access of this essential health care; and
16

17 WHEREAS, the placing of condoms behind locked glass is an
18 access barrier to contraception that likely impacts the role
19 condoms play in reducing unintended pregnancy and offering
20 protection against sexually transmitted infections; and
21

22 WHEREAS, a study conducted by the University of Iowa in
23 2011 showed an increase in retail sales of condoms when they
24 were moved from behind locked glass; and
25

26 WHEREAS, access to comprehensive contraceptive care and
27 contraceptive methods are an integral component of essential
28 health care and thus retail stores and pharmacies should adopt
29 policies that ensure full, unrestricted access to contraception;
30 now, therefore,
31

32 BE IT RESOLVED by the Senate of the Thirty-second
33 Legislature of the State of Hawaii, Regular Session of 2023, the
34 House of Representatives concurring, that retail stores and
35 pharmacies doing business in the State are urged to adopt
36 policies on a national and local level to guarantee an
37 individual's unhindered access to all United States Food and
38 Drug Administration-approved contraceptives; and
39

40 BE IT FURTHER RESOLVED that certified copies of this
41 Concurrent Resolution be transmitted to the Chief Executive
42 Officer of Albertsons Companies, Inc.; Chief Executive Officer

1 of Costco; Chief Executive Officer of CVS Health; Executive Vice
2 President and President of Walgreens Pharmacy; President and
3 Chief Executive Officer of Walmart Inc.; Chairman and Chief
4 Executive Officer of Target Corporation; President of Times
5 Supermarkets; and President of Retail Merchants of Hawaii for
6 distribution to the store managers of every Safeway, Costco,
7 Long's, Walgreens, Walmart, Target, and Times retail location in
8 the State that is located within one mile of a high school.
