Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I do not associate myself with any particular political party. Usually, my views are liberal and independent but often apathetic in the political process. I am a voter and have voted since the allowable age but have never felt a genuine need to express my voters right until now. I am writing to voice my opposition to Bill SB1 because it is too broad and does not protect those who fundamentally disagree with it. Instead, I implore you to consider House Bill No.5 instead in this special session!!

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders and, not merely serve a small percentage of our population whose agenda will eventually undermine my right as a parent, a citizen of free speech and freedom of religion.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. Rushing to enact a same sex equity bill or any matter is fool hardy and should be further examined in a public forum. My concerns are based on evidence in Canada's same sex marriage equity act that has shown negative impacts on traditional family values and on our young children's innocence which we have a moral obligation to preserve and protect.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy! Do no circumvent the rights of the majority and placate only 1/5 of the 1% demographic simply because it is trendy. Please, our opio deserve the utmost best that our society can offer and based on history, statistics and multi diverse cultures, traditional family values (marriage defined by 1 man and 1 woman) has encompassed that.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I'm a teacher and teach 6th graders. One of the topics I get to teach is about democracy. I teach them that they have a say in their government. I teach them that we vote for people to represent what we want for our state, our country. With this special session, it seems to limit this very democratic process I teach my students. And this special session doesn't seem to promote this process. It seems to limit the chances of hearing the voices of the people.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

I find it unconscionable that this bill is being heard now, solely for the purpose of allowing Same-Sex marriages (if approved) in 2013 to be allowed to take advantage of certain tax benefits and to file jointly, both federally and for Hawaii state tax purposes, as well as a host of other federal benefits. This was outlined in a letter that I received from the Governor in explaining his motives.

When did the desires of the few supercede the rights of society as a whole in our democratic nation? Voting yes for this bill will truly show that you don't care about the people you purport to fully represent, and that the only thing that truly matters to you is your own position.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I know that god loves all of us because we are his children. He has provided us with sacred family units on this earth. In order to have families, marriage must be between a man and a woman. This is central to god's plan. He never intended for members of the same sex to marry. Especially not in his churches and temples. This would take away our religious freedom because it violates our beliefs. I bear a firm witness of these things. In the name of Jesus Christ, amen.

I am grateful for this beautiful country and for the opportunity and freedoms that we have been given. I am very grateful for the democratic process, even though my vote is not always the decision of the majority. This bill and this subject is very important to me. It affects our families, it affects our religious freedoms, and it affects the future of our beautiful and great state of Hawaii. I am strongly opposed to this bill, but I do believe that democracy is a God given right. Thus I don't believe that we should be forced to do anything. Thus, in regards to due process, I believe that we should have a vote on this all important subject in our beautiful state. Please consider and act on this matter, as many other Hawaiians share my feelings. Thank you for your time.

Mahalo,

Cameron Kerr

I believe that marriage and family is a fundamental building block of society, and that children need and deserve both an mother and a father dedicated to teaching them and serving as role models. I believe that marriage is an institution of God, and that civil unions are an institution of society. I support civil unions, and I see no reason why this should not fulfill the needs of the interested parties.

I am thankful to be a citizen of the United States, and to have a voice in the government of my community. I voice my opinion to protect these rights, to ask for due course of law, and the right to fight for my beliefs. I am fighting for basic values, for children, and families.

Thank you for the opportunity to testify.

I know that God loves all His children and wants them to be happy. This bill will not bring happiness into anyones life. This bill is in direct opposition to God's commandments. By passing this bill you are saying that you oppose God's commandments. The will of the people should be heard for a decision like this. I know that God's Spirit still resides with the people in this great state and I also know that this bill is not supported by the majority of the people Hawaii. We should be able to make the decision for ourselves if we are going to follow God's will or directly oppose it. Listen to the spirit of the Lord that hopefully dwells somewhere deep inside of you and vote NO on this bill.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenou and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

Please allow the people to decide to vote on this issue. I feel that marriage needs to be defined as one man and one woman legally and sacredly joined in Holy Matrimony. I think of my very own children. What would the outcome be for them as they continue to grow up? I think about our forefathers and mothers who defined Marriages as one Man and one Woman. What of their efforts shall this be just put aside and forgotten? I strongly urge you to give our children and the future of America the Blessings of God to continue to fortify our Great Nation. We must, and I urge you to please allow the people to decide that Man and Woman is the future of this Nation and this Great State. Were it not for Mothers and Fathers there would not have been any progress to the human race. We were all born of Man and Woman just as our forefathers. WE MUST NOT shrink to other unwholesome manner of arrangements and conveniences based upon mans views that was not designed as it always has been past.

I believe that we can continue to be the strongest nation when founded upon the precepts of God. In God we trust! Let God Trust us with the choices that we have and support him in our efforts and deeds to keep the greatest natural bonds of the Family in tact.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I'm writing in regards to the marriage act that is to be heard in a special session on Oct. 28th. Please understand that I'm not coming from a position of hate or intolerance. I acknowledge the value of every individual regardless of lifestyle choices. I do, however, recognize my rights, freedoms, and liberties, being limited by this bill and its current wording.

Just as the Catholic Diocese of Honolulu stated: "People with same-sex attraction are a part of our community, even our Catholic community, and they deserve dignity and respect. Unjust discrimination against them is not acceptable. However, not all discrimination " that is, making distinctions " is unjust.

The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. The protections are totally inadequate. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality.

I read the bill in its entirety and while I do not understand all of the legal terminology, I consider it a slap in the face that the part where the people of Hawaii decided that marriage is between a man and a woman is crossed out. Something as impactful to our communities and state as a whole MUST not strictly be up to our legislature, House, and Governor; but must be decided wholly by the people and citizens of this state.

I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. Please reconsider. This needs to be approached with careful consideration and patience. All the ramifications need to be considered.

Sincerely,

Taliloa Fano

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Heston Kaaihue

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I?m writing in regards to the marriage act that is to be heard in a special session on Oct. 28th. Please understand that I?m not coming from a position of hate or intolerance. I acknowledge the value of every individual regardless of lifestyle choices. I do, however, recognize my rights, freedoms, and liberties, being limited by this bill and its current wording.

Just as the Catholic Diocese of Honolulu stated: "People with same-sex attraction are a part of our community, even our Catholic community, and they deserve dignity and respect. Unjust discrimination against them is not acceptable. However, not all discrimination " that is, making distinctions " is unjust.

The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. The protections are totally inadequate. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality.

I read the bill in its entirety and while I do not understand all of the legal terminology, I consider it a slap in the face that the part where the people of Hawaii decided that marriage is between a man and a woman is crossed out. Something as impactful to our communities and state as a whole MUST not strictly be up to our legislature, House, and Governor; but must be decided wholly by the people and citizens of this state.

I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. Please reconsider. This needs to be approached with careful consideration and patience. All the ramifications need to be considered.

Sincerely,

Kalawai?a Fano

Kane?ohe, HI 96744

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am concerned about the far-reaching, unknown effects of proposed Bill SB1. It is not carefully worded to protect the rights of religious freedoms and individual rights pertaining to those. It is a rushed bill that leaves many holes in protecting these rights. At this time, I would like to see a bill that provides a way for civil unions between to parties regardless of gender, but I do not support Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

10/29/2013 Fangaoke Aholelei Okeaholelei@hotmail.com Po Box 2537 Kailua Kona HI 96745 Dear House Committee on Judiciary and Labor,

I am opposed to S.B.1, The Hawaii Marriage Equality Act of 2013, because I believe it is contrary to both the unwritten constitution of the people of Hawaii and the written Constitution of the State of Hawaii. Passage of this bill should therefore only be considered following passage and ratification of an amendment to the Constitution of the State of Hawaii empowering the legislature to redefine marriage to include a single-gender option.

Marriage during the time of the Kingdom of Hawaii was defined to consist exclusively of one man and one woman. See, e.g., *Compiled Laws of the Hawaiian Kingdom (1884)*, Title 5, Chapter XXVIII, Article LIII. This understanding of marriage has continued in Hawaii up to the present time. This definition is consistent with the marriage laws of over 92% of the nations in the world. Because this understanding of marriage is made up of men and women, potential and actual mothers and fathers, it is child-centered. William C. Duncan, "Speaking Up for Marriage," 32 *Harvard Journal of Law & Public Policy* 915, 930 (2009).

It has served in virtually all human societies to encourage men and women who may create a child to take responsibility for that child and for one another. As such, it is the most effective way for society to promote the child's opportunity to know and be raised by his or her own mother and father. Even those married couples who do not have children as a result of their marriage relationship can still provide a mother and father to those who are otherwise deprived of that opportunity. Married couples who are faithful to one another but who do not have children also promote children's best interests by not creating motherless and fatherless children. Finally, marriage promotes the integration of men and women; by treating both as essential to society's most basic and foundational unit, it rejects the idea that men and women, mothers and fathers, are fungible.

Id.

Because marriage is such a fundamental institution of Hawaii society, it can be viewed as a part of the constitution of Hawaii's people. This constitution is spelled with a small "c" because the term constitution refers both to the institutions, practices, and principles that define and structure a system of government and to the written document that establishes or articulates such a system. Suzette Hemberger, "Constitution," in Joel Krieger, ed., *The Oxford Companion to Politics of the World* (Oxford University Press, 1993), 189.

[T]he American constitution has been described as a written one, the British, as unwritten. If these words are taken literally, they are incorrect. . . . The truth is that both constitutional systems include

portions that have been committee to writing and portions that have not. . . . That certain topics receive written statement, while others are left to informal understanding, is of itself a somewhat trivial difference. What surely matters more is the choice of the content that receives expression in one medium or in the other.

Leslie Lipson, *The Great Issues of Politics: Introduction to Politics* (2d edition, Prentice-Hall, Inc., 1960), 270-71.

When the Hawaii Supreme Court held in 1993 that Hawaii's marriage statute defining marriage as the union of one man and one woman was presumptively unconstitutional under the State Constitution unless the State was able to show a compelling governmental interest justifying the marriage law, the people's response resulted in the Legislature in 1998 passing a constitutional amendment empowering the legislature "to reserve marriage to opposite-sex couples." The amendment was ratified by an affirmative vote of almost 70% of the voters.

The actions of the Legislature and the people in passing and ratifying the marriage amendment in 1998 were thus essentially an broadly-based effort to align the written Constitution of the State of Hawaii with the unwritten constitution of Hawaii's people with regard to the definition of marriage.

Many legislators now argue that the legal effect of the 1998 constitutional amendment was solely to give the legislature the option of continuing to define marriage as the union of a man and a woman, while still allowing the legislature the choice of redefining marriage to include a single-gender option. This clearly contradicts the understanding of the people, who were told by the Office of Elections that a "yes" vote would enable the legislature to "reserve marriage to opposite-sex couples only. The Legislature could then pass a law that would reserve marriage to a man and a woman, overruling the recent Supreme Court decision regarding same-sex couples."

I believe the interpretation now being urged by certain legislators contradicts not only the written Constitution of the State of Hawaii, but more importantly, the unwritten constitution of the people of Hawaii with regard to the definition of marriage.

The people should be allowed to have their say on this issue. Under our State Constitution, the only means whereby the people can directly express their view is through the constitutional amendment process. I therefore believe that S.B. No. 1 should only be considered by the Legislature following passage by the Legislature and ratification by a majority of the voters of an amendment to the Constitution of the State of Hawaii empowering the legislature to redefine marriage to include a single-gender option.

I therefore urge you to vote NO on S.B. 1.

Very truly yours,

Fangaoko Aholelei

10/29/2013 Patricia Aholelei plaholelei@hotmail.com Po Box 2537 Kailua Kona HI 96745 Dear House Committee on Judiciary and Labor,

I am opposed to S.B.1, The Hawaii Marriage Equality Act of 2013, because I believe it is contrary to both the unwritten constitution of the people of Hawaii and the written Constitution of the State of Hawaii. Passage of this bill should therefore only be considered following passage and ratification of an amendment to the Constitution of the State of Hawaii empowering the legislature to redefine marriage to include a single-gender option.

Marriage during the time of the Kingdom of Hawaii was defined to consist exclusively of one man and one woman. See, e.g., Compiled Laws of the Hawaiian Kingdom (1884), Title 5, Chapter XXVIII, Article LIII. This understanding of marriage has continued in Hawaii up to the present time. This definition is consistent with the marriage laws of over 92% of the nations in the world. Because this understanding of marriage is made up of men and women, potential and actual mothers and fathers, it is child-centered. William C. Duncan, "Speaking Up for Marriage," 32 Harvard Journal of Law & Public Policy 915, 930 (2009).

It has served in virtually all human societies to encourage men and women who may create a child to take responsibility for that child and for one another. As such, it is the most effective way for society to promote the child's opportunity to know and be raised by his or her own mother and father. Even those married couples who do not have children as a result of their marriage relationship can still provide a mother and father to those who are otherwise deprived of that opportunity. Married couples who are faithful to one another but who do not have children also promote children's best interests by not creating motherless and fatherless children. Finally, marriage promotes the integration of men and women; by treating both as essential to society's most basic and foundational unit, it rejects the idea that men and women, mothers and fathers, are fungible.

Id.

Because marriage is such a fundamental institution of Hawaii society, it can be viewed as a part of the constitution of Hawaii's people. This constitution is spelled with a small "c" because the term constitution refers both to the institutions, practices, and principles that define and structure a system of government and to the written document that establishes or articulates such a system. Suzette Hemberger, "Constitution," in Joel Krieger, ed., The Oxford Companion to Politics of the World (Oxford University Press, 1993), 189.

[T]he American constitution has been described as a written one, the British, as unwritten. If these words are taken literally, they are incorrect. . . . The truth is that both constitutional systems include

portions that have been committee to writing and portions that have not. . . . That certain topics receive written statement, while others are left to informal understanding, is of itself a somewhat trivial difference. What surely matters more is the choice of the content that receives expression in one medium or in the other.

Leslie Lipson, *The Great Issues of Politics: Introduction to Politics* (2d edition, Prentice-Hall, Inc., 1960), 270-71.

When the Hawaii Supreme Court held in 1993 that Hawaii's marriage statute defining marriage as the union of one man and one woman was presumptively unconstitutional under the State Constitution unless the State was able to show a compelling governmental interest justifying the marriage law, the people's response resulted in the Legislature in 1998 passing a constitutional amendment empowering the legislature "to reserve marriage to opposite-sex couples." The amendment was ratified by an affirmative vote of almost 70% of the voters.

The actions of the Legislature and the people in passing and ratifying the marriage amendment in 1998 were thus essentially an broadly-based effort to align the written Constitution of the State of Hawaii with the unwritten constitution of Hawaii's people with regard to the definition of marriage.

Many legislators now argue that the legal effect of the 1998 constitutional amendment was solely to give the legislature the option of continuing to define marriage as the union of a man and a woman, while still allowing the legislature the choice of redefining marriage to include a single-gender option. This clearly contradicts the understanding of the people, who were told by the Office of Elections that a "yes" vote would enable the legislature to "reserve marriage to opposite-sex couples only. The Legislature could then pass a law that would reserve marriage to a man and a woman, overruling the recent Supreme Court decision regarding same-sex couples."

I believe the interpretation now being urged by certain legislators contradicts not only the written Constitution of the State of Hawaii, but more importantly, the unwritten constitution of the people of Hawaii with regard to the definition of marriage.

The people should be allowed to have their say on this issue. Under our State Constitution, the only means whereby the people can directly express their view is through the constitutional amendment process. I therefore believe that S.B. No. 1 should only be considered by the Legislature following passage by the Legislature and ratification by a majority of the voters of an amendment to the Constitution of the State of Hawaii empowering the legislature to redefine marriage to include a single-gender option.

I therefore urge you to vote NO on S.B. 1.

Very truly yours,

Patricia Aholelei

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going
against the will of the people. I support equality for all including the rights of conscience and religious
freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and
ask that you please uphold the principles of democracy and the democratic process which are being
disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and
examined as all other bills. The people who elected you to serve as their voices should have a say in
public policy that will forever obliterate thousand of years of indigenous and non-native culture,
customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I believe the voice of the people will be the most correct and appropriate solution because, nobody understands the the way the nations standpoint but the nation itself. This country was built under God but for the benefit of any human being that will be born or have lived. Just as this country is nothing without congress, the men and women who stand as leaders will be nothing without The People. There needs to be order in this country, but true order, order that will build and sustain this beautiful country I call home. I wouldn't not live anywhere else. I am grateful and blessed to be born here as well as partake of the fruits of our founding fathers labors. Please I pray that we will take the proper and correct procedures to saving our freedom.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Aloha Chair Rhoads, Chair Luke, and members of the House Committees on Judiciary and Labor:

I am writing to voice my opposition to Bill SB1. I am a Hawaiian born in these islands. I can trace my heritage back to the days of our first King Kamehameha. As a Hawaiian I have learned my history, the history of King Kamehameha uniting all of the hawaiian islands. His fight and determination led to the kingdom of Hawaii. This kingdom was very strong, thriving with the unity of there people. In the late 1800's our kingdom was illegally overthrown by the United States government. Our queen Lili'uokalani was imprisoned in her own home. It was a sad time for our people and a very shameful time for the U.S. government. This special session that our government wants to hold on Bill SB1 is just as illegal as the overthrow to me. Give the people of Hawaii there chance to vote on this Bill. Do what is right and don't make the same mistake that was made so long ago.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am against same sex marriage.

1. Children deserve a mother and a father. Why would anyone want to attack children by depriving them of the privileges and blessings of a traditional family unit? The very same unit that most of us have and enjoy. They need the balance that only a mother and father can give them. God instituted it to be that way.
2. Same sex marriage supporters are seeking equal rights for themselves even if it means stripping others of their rights.
3. We have the right to freedom of religion. So why doesn't this bill fully protect our religious freedom? You are dictating to us what we can and cannot do with our religious practices. All of this is happening because of the same sex marriage issue. This issue is causing sufferings, contentions, unhappiness, divisions, challenges, commotion, time, money, broken families and friendships, etc. Passing this bill will have a horrible impact on Hawai'i, its people, morality, economy, etc. What other union will they seek after next? Things will get worse. Why does Hawai'i have to be like other places in the world? Why can't we just continue to be what many people call "God's Country". Hawai'i is unique and these are very spiritual lands. Remember, the plaque hanging on the capitol building which reads Ua Mau Ke Ea O Ka Aina I Ka Pono. The life of the land is perpetuated in righteousness. This refers not only to the physical land but all living life, including us. When you're thinking of what is fair please study both sides thoroughly and vote for that which will keep us out of the clutches of Satan and safely in the arms of Jesus. This is true Freedom. Please vote no.

Mahalo,

Karla Keli'iho'omalu Akiona

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I feel that the people of Hawaii should decide on the true meaning of marriage, which i think is man and woman only. Also i think that the government is scared that the bill will not pass if the people of Hawaii vote so they need the special session so that the vote will go their way.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1. I believe that everyone should have freedom of speech and the opportunity to choose how they want to live their lives. I do not believe however, that allowing the blanket of anti-discrimination laws to hide the religious freedom laws. Allowing citizens and business owners to worship God how and when they want is crucial to a thriving society. I can see the fear of one group targeting and religiously discriminating against another group (for example the discrimination that happened in the south against African Americans), but the principle is, and needs to continue to be, to allow the people freedom to govern themselves according to their beliefs.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

My opposition to this bill does not necessarily reflect my opposition to same sex marriage. I want to make this clear. My opposition to this bill is due to its inadequacies as just and sound law while it would grant the freedom of persons or groups, in this case those that choose to marry someone of the same gender, it takes away the freedom of other persons or groups.

As I understand the bill, although the language seemingly exempts small businesses and religions from participating and celebrating same sex marriage, the language actually serves to disqualify them from exemption.

We know very well that many churches open their buildings, facilities and even their religious services and ceremonies to "non-members". The definition of "member" in the bill is vague and left to interpretation according to the intent of the bill, would disqualify the religious institutions from the exemption.

For small businesses, as I understand, they can refuse business as long as it does not violate discrimination laws (race, gender, age). This bill if passed into law would inadvertently effect discrimination laws, wouldn't it? It would redefine discrimination to include someone who is married to or is marrying someone that is of the same gender.

If this is the case, I don't think this is good legislation. Allowing one law to encroach onto another is lacking in integrity and soundness of our legislative process. I humbly urge caution here if this is the case.

I reiterate, regardless of moral opinion on same sex marriage I oppose this bill because it is not sound and because it is unjust. Regardless of what issue underlies the bill. Any law that grants freedom to a person or a group of people while taking away the liberty of another or inadequately protecting the liberty of others is not sound law.

I ask this committee to do what is in your power and stewardship to protect and maintain high standards of the legislative process so that all people can enjoy the rights and liberties government is to uphold. Please allow the time and place for bills that are inadequate and deficient to the high standards of good government to be fixed or amended.

Sincerely,

Barry J. Magaoay

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Elenoa Fetuli

Re: Strong Opposition of SB.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

SB1 most definitely does not uphold the principles this country was found upon. Pilgrims came to this country for freedom to be able to practice their own beliefs and not those decided by their government. SB1 both does not allow the people to decide on the marriage issue because the government is passing laws irresponsible to the people's view that have already been voiced and the bill it self does not allow the religious freedom and personal choices as constuted. The issue of redefining marriage should remain in the hands of the people both in law and personal choice. I believe the legislature does not accurately represent the views or best interests of the people in this matter. If the government is truely to be a people's government let the people decide. As elected leaders, you must represent and protect the freedoms and rights of all, including those of religious freedom.

This special session was hastily arranged and SB1 was ill written as evidenced by the multiple versions and lack of protecrions it provides. I am all for the protecting of rights and freedoms. Marriage benefits as deliniated by the government is a privilage, not a right. The choices and beliefs of religious organizations and even individual religious peoples, whether for profit or not, is a freedom that must be protected and not dictated by fear of government retribution.

Should this bill be allowed to pass, I believe there will be many negative affects upon the state of Hawaii. Religious groups will withdrawl many serices and opprtunites provided to the people of Hawaii in order to protect their beliefs in support of families. The lack of protections in SB1 as compared to other legislation else where in this country is completely inadequate.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I would like you think about religious respect. This law can make equality for each person but this just ignore the religious right. Every law should help everyone in the state has same rights/equality. However, this law only focuses on one side rather than every side in the state. I would like to ask you to think about what is the real rights for everyone, which can make everyone satisfied.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I'm writing in regards to the marriage act that is to be heard in a special session on Oct. 28th. Please understand that I'm not coming from a position of hate or intolerance. I acknowledge the value of every individual regardless of lifestyle choices. I do, however, recognize my rights, freedoms, and liberties, being limited by this bill and its current wording.

Just as the Catholic Diocese of Honolulu stated: "People with same-sex attraction are a part of our community, even our Catholic community, and they deserve dignity and respect. Unjust discrimination against them is not acceptable. However, not all discrimination – that is, making distinctions – is unjust.

The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. The protections are totally inadequate. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality.

I read the bill in its entirety and while I do not understand all of the legal terminology, I consider it a slap in the face that the part where the people of Hawaii decided that marriage is between a man and a woman is crossed out. Something as impactful to our communities and state as a whole MUST not strictly be up to our legislature, House, and Governor; but must be decided wholly by the people and citizens of this state.

I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. Please reconsider. This needs to be approached with careful consideration and patience. All the ramifications need to be considered.

Thank you for letting me testify.

Sincerely,

Joseph Fano

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenou and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

(Mary Lundin)

(Laie, HI 96762)

I strongly believe that marriage should be between a man and a woman. God has a plan and the family is central to that. Our purpose on earth is to have families and that is possible through marriage between a man and woman. It is a sacred, holy thing that should not be violated. The constitution gave us freedom of religion. We will not have that if members of the same sex are allowed marriage in our churches and temples and admittance in our schools. God has a plan for all of us and I know that he would want his children to follow his plan. He loves all of us unconditionally! I say these things in the name of Jesus Christ, amen.

Your yes vote in special session is clearly a NO vote to democracy!

Please let the public decide on same sex marriage. Put this issue on the ballot in the next election. The politicians cannot decide on this kind of decision that will affect the future of Hawaii and all the people who have individual rights that must be preserved.

I often wondered about the U.S. Constitution when it was written by the great people. I wonder, was same sex marriage in their minds when they wrote about freedom for the people of our country? I'm the intentions our country's founders did not include this as they thought about the children of this country in the generations to come.

Thank you for your time and consideration of my testimony.

Sincerely,

Betty Taira

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I was raised in a loving home where my father taught me how to be a gentleman and my mother taught me what I should look for in my future bride. Many children unfortunately grow up without one of these figures in their lives for many different reasons. I know that redefining the definition of marriage will simply create another reason, and more dysfunctional families.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I'm writing in regards to the marriage act that is to be heard in a special session on Oct. 28th. Please understand that I'm not coming from a position of hate or intolerance. I acknowledge the value of every individual regardless of lifestyle choices. I do, however, recognize my rights, freedoms, and liberties, being limited by this bill and its current wording.

Just as the Catholic Diocese of Honolulu stated: "People with same-sex attraction are a part of our community, even our Catholic community, and they deserve dignity and respect. Unjust discrimination against them is not acceptable. However, not all discrimination – that is, making distinctions – is unjust.

The current wording would severely cripple the church I belong to, (Church of Jesus Christ of LDS) as well as other. The protections are totally inadequate. It would also force organizations associated with these churches to restrict the way they function or be forced to shut down. Please do not violate our rights, guaranteed by the first amendment, in the name of equality.

I read the bill in its entirety and while I do not understand all of the legal terminology, I consider it a slap in the face that the part where the people of Hawaii decided that marriage is between a man and a woman is crossed out. Something as impactful to our communities and state as a whole MUST not strictly be up to our legislature, House, and Governor; but must be decided wholly by the people and citizens of this state.

I strongly believe that this issue needs to be approached in a different way. It terrifies me when I think of what is to come if this law goes into effect. Please reconsider. This needs to be approached with careful consideration and patience. All the ramifications need to be considered.

Sincerely,

Kailani Fano

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

Marriage is between a man and a woman. It has been since the beginning of time.

We voted on this issue 15 years ago and I am still opposed to same gender marriage.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I was a part of the LGBT community for 11 years. All of my friends who lived the lifestyle with myself were always feeling convicted of doing wrong. A lot of Gay ppl try to stand up and feel strong about the way of life when in actuality there is no full happiness. There is more drama, less mental stability, most so called lesbian are really bisexual and they keep secrets about being Bi from their partners which lead to lots of STDs are being spread. How do I know? I've seen it by working in the medical field as well. I've seen so many homosexual men who sleep with married men just because they like the challenge. I seen women who have just given birth and they have no clue their spouse is cheating with a man. I've seen lesbian women fool other straight women into thinking they are male and they will lead people on for their pleasure. There is so much deception in this lifestyle. I have spoken to so many LGBT members who want to come out of this lifestyle but they feel stuck because it's a stronghold on them. I'm not saying all the LGBT is like this but the percentage is very high. I've seen alot trust me.

I feel the people should decide. By legalizing same sex marriage you are taking away our right as American to have freedom of speech.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going
against the will of the people. I support equality for all including the rights of conscience and religious
freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and
ask that you please uphold the principles of democracy and the democratic process which are being
disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and
examined as all other bills. The people who elected you to serve as their voices should have a say in
public policy that will forever obliterate thousand of years of indigenous and non-native culture,
customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Trenton Oshiro

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. As a registered voter in a democratic society I want the right to vote on an issue that will affect me for the rest of my life.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair and Members of the Committee on Judiciary and Labor:

I believe this is not right, the people should be able to share our voice in this situation. That way those who decide on what is going to happen can hear what the people have to say. It only sounds fair enough to do so, it's not a crime to let people share what is on their mind. It opens a wider view that way the wrong decision won't be made.

I am against legalization on same sex marriage. It would be wrong to go against what marriage really is which is the relationship between both man and women only. Think about how it would affect the up coming generations. It will affect the children, it will affect everyone including your selves. For myself alone I believe people have the right to love who ever they want to love and be with whether it is man and women or women and women or man and man. But when it comes to my Religion, I will disagree.

Don't let same sex marriage people think of only themselves, they need to be considerate of how this will affect other people around them. If they were smart enough, they would go and get married somewhere where same sex marriage is legalized. Hawaii is a lot smaller, Hawaii is always aloha, keep it that way. Don't change Hawaii into something it is not. We have young keki's out there who look up to many of us as role models. It is our jobs as adults to protect these children to have them grow up in a safe environment.

This is not right at all, it won't make anyone happy if same sex marriage will be legalized. The only people that will be happy are the ones who are not against it. Little do they know it will affect the whole state of Hawaii. Let the people speak and say what they have to say. It won't commit no crime if they do. We only want the best for the state of Hawaii.

Thank you so much for your time, I pray for better days everyday. Let's not forget the history of Hawaii, we are on big Ohana for the right reason not for the reason that will affect the whole state. Hawaii won't be seen the same way if the bill was to be passed.

(Abigail Joy Paulino)

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Senator And representation

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

- 1) This important issue should not have been rushed through a special session, but rather should have been discussed in a regular session with more opportunity for public input, or even better, put up for vote by the people in a constitutional amendment;
- 2) Doctrinally this bill does not align with my religious beliefs on marriage;
- 3) I believe that if SB1 is passed, that there are not enough religious protections included, this will take away the ability for me and my family to enjoy our religion the way we do today.

Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I would like to have a right to say what is being taught in our public schools and to have the option to remove my children from any teachings that are contrary to our beliefs.

I am a 2nd grade teacher and I want to have a right to say no to curriculum that teaches practices that are contrary to my beliefs.

I would like to take my family to church on Sundays and not have to worry about being attacked and persecuted at my place of worship.

The bottom line is, where are my rights?

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

10/29/2013 Marjorie Serrao lynserrao@aol.com 99-113 Pamoho Pl. Aiea HI 96701 To: House Committee on Judiciary and Labor

Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Marjorie N. H. Serrao

I truly believe that GOD loves all of His creation but something He hates is our sin. I want this island of Hawaii to be bless and not be curse because of allowing same sex marriage you will allow these curse to enter. I believe in the traditional marriage is a covenant made to GOD by a woman and a man. I'am a youth leader and I also teach the children ministry we learn about honoring our mothers and father and we will live long, how can we children live long and receives and understand the promise of GOD when there's two mothers in the house or two fathers in the house. We will all be affected by this matter but especially our children's they are our future generation if we don't seek GOD in all the decision then will just putting more trouble and curse in our land. I pray that GOD will give you and all of those who has the power and authority to not allow same sex marriage that GOD will convict your hearts and lead you to what is right and to allow the people to decide. I pray that you will understand that we cant and refuse to keep quiet about this matter we stand as one nation under GOD and and we stand not on our own but we stand with the GOD we serve. I believe that whatever decision you make will put you in accountability not only to man but to GOD himself. Thank you for your time GOD bless you and may GOD continue to speak to you and to continue to move in your life.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people.

I am a Native Hawaiian and Asian that went to school and lived on the mainland in the 60's when simply not being white Anglo-Saxon protestant meant you could be denied basic civil rights. As a society we have made significant progress since then. However, I do not think it correct or necessary that my religious rights should be denied while ensuring the civil and religious rights of gays and lesbians to be married.

It is insufficient to protect the Bishops and Stake President's from having to officiate at gay weddings at our church. Our other infrastructure, and other services such as Bishops storehouse, education, employment, social services, and other community outreach programs must also be protected from infringement of demands from gays, lesbians and others whose lifestyle is contrary to our basic beliefs. According to our understanding of God's commandments, we are to love all his children and we do, but that does not mean we accept their sinful ways nor silently allow their sins to taint all that we hold sacred.

All the infrastructure and services provided by our church to members and non-members alike, are an extension and symbol of our faith which we also hold to be sacred. I should be able to practice my religious freedom without constraint, but I should have no right or expectation to infringe upon the Buddhist church or Synagogue by demanding their infrastructure to perform religious ceremonies that are not in keeping with their religious beliefs. The same principle should apply to gays and lesbians.

Respectfully request you work earnestly with your fellow legislators to protect our religious rights as you seek to secure the civil rights of the gays and lesbians.

Thank you for the opportunity to testify.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Your yes vote in special session is clearly a NO vote to democracy!

Our rights will be imposed by the belief that same sex relationships are normal and nothing is wrong. This is a direct attack on morals and family structures. Our children will be taught about gay and lesbian relationships in school without consent of parents. I don't want this to happen in Hawaii like it has happened in other states.

Thank you for the opportunity to testify.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

My name is Matthew Dykema and I am a constituent living in Hilo, on the Big Island. I am a family practice physician and work as a part of The Bay Clinics a non-profit federally qualified Health Center serving the East side of Hawaii with clinics in Hilo, Kea'au, Pahoa, and Kau. My main clinic is in Kea'au and I see an average of 4000+ patient visits a year. I have lived in Hilo for just over a year and I recently bought a home in Hilo. I have plans to stay and practice on the east side of Hawaii and I look forward to digging deeper roots here and being an integral part of the community. Practicing in Kea'au I see a variety of patients of a vast economic and cultural backgrounds. I treat a variety of medical conditions ranging from colds, to depression and anxiety, to open wounds and injuries, to HIV and other STDs, to any number of infections. I treat both acute and chronic medical conditions of varying degrees of severity from a bee sting to cancer. I see all spectrums of life from performing newborn exams to providing care for the elderly in their last stage of life. I have the pleasure of seeing the insured and uninsured, the educated and uneducated. I care for each one as an individual regardless of their background, ethnicity, citizenship, religion, or economic status. My job as I see it is to help people navigate through life and the physical and mental bumps in the road that come along so that they can have the best health possible. I try to educate and inform my patients about possible pitfalls that lie ahead so that they can avoid them if possible; and when my patients encounter issues, I am there to help navigate and get them through it.

From this perspective, I am deeply concerned about the upcoming special session that is being held to vote on same gender marriage. While at the heart of the issue I whole-heartedly agree that every citizen of this great nation should be afforded equal rights, I disagree that these rights should infringe upon the rights of others and their beliefs. I also disagree that such a controversial issue and important moral and ethical issue should be decided by legislation and a special session, rather than by the people and a vote. I am afraid that the right to decide this issue which was initially given to Hawaii legislature over a decade ago, in order to protect marriage, is now being used to disassemble it. I am concerned that as a state legislative body Hawaii may be sacrificing the very fundamental beliefs and processes that make this diverse state and nation great for the sake of appearing politically correct. When in fact I believe this bill/law stands opposed to the fundamental constitution upon which we are founded. I am not opposed to providing equal rights to every individual or couple regardless of the sexual preference or identification, in fact I support this, but I think it must be done in the right manner and must ensure that the majority's rights are not violated or compromised in the process of forging and protecting the rights of the minority.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for your service to our state and for this opportunity to testify.

Matthew Dykema, D.O.

Hilo, HI 96720

Life is a journey which must be lived not one day at a time, nor one hour at a time, but one moment at a time.

I believe that relationships are more important than accomplishments, the journey is more important than the destination, its not about me, and its not about you, but it is all about HIM - Bob McCulley - Missionary to Africa

Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all people you can, as long as ever you can. - John Wesley

Let the beauty of what you love, be what you do. - Rumi

Life is either a daring adventure or nothing at all -Helen Keller

Action is the foundational key to all success - Pablo Picasso

Dream no small dreams for they have no power to move the hearts of men - Johann Wolfgang von Goethe

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I know there are many who strongly disagree with elements of this bill and I believe that their (our) opinion is not being adequately represented.

I know it is impossible to present a perfect situation and bill that will make everyone happy, but the wants and desires for happiness may be at least temporarily quenched if we at least know we made an effort of making our voices heard.

Please, all we ask is to remember and recognize the efforts many people are making to let you know the feelings of our hearts on this matter.

Thank you for the efforts you are making and thank you for allowing us this opportunity.

Sincerely,

Kara Orr

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

My name is Matthew Dykema and I am a constituent living in Hilo, on the Big Island. I am a family practice physician and work as a part of The Bay Clinics a non-profit federally qualified Health Center serving the East side of Hawaii with clinics in Hilo, Kea'au, Pahoa, and Kau. My main clinic is in Kea'au and I see an average of 4000+ patient visits a year. I have lived in Hilo for just over a year and I recently bought a home in Hilo. I have plans to stay and practice on the east side of Hawaii and I look forward to digging deeper roots here and being an integral part of the community. Practicing in Kea'au I see a variety of patients of a vast economic and cultural backgrounds. I treat a variety of medical conditions ranging from colds, to depression and anxiety, to open wounds and injuries, to HIV and other STDs, to any number of infections. I treat both acute and chronic medical conditions of varying degrees of severity from a bee sting to cancer. I see all spectrums of life from performing newborn exams to providing care for the elderly in their last stage of life. I have the pleasure of seeing the insured and uninsured, the educated and uneducated. I care for each one as an individual regardless of their background, ethnicity, citizenship, religion, or economic status. My job as I see it is to help people navigate through life and the physical and mental bumps in the road that come along so that they can have the best health possible. I try to educate and inform my patients about possible pitfalls that lie ahead so that they can avoid them if possible; and when my patients encounter issues, I am there to help navigate and get them through it.

From this perspective, I am deeply concerned about the upcoming special session that is being held to vote on same gender marriage. While at the heart of the issue I whole-heartedly agree that every citizen of this great nation should be afforded equal rights, I disagree that these rights should infringe upon the rights of others and their beliefs. I also disagree that such a controversial issue and important moral and ethical issue should be decided by legislation and a special session, rather than by the people and a vote. I am afraid that the right to decide this issue which was initially given to Hawaii legislature over a decade ago, in order to protect marriage, is now being used to disassemble it. I am concerned that as a state legislative body Hawaii may be sacrificing the very fundamental beliefs and processes that make this diverse state and nation great for the sake of appearing politically correct. When in fact I believe this bill/law stands opposed to the fundamental constitution upon which we are founded. I am not opposed to providing equal rights to every individual or couple regardless of the sexual preference or identification, in fact I support this, but I think it must be done in the right manner and must ensure that the majority's rights are not violated or compromised in the process of forging and protecting the rights of the minority.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for your service to our state and for this opportunity to testify.

Matthew Dykema, D.O.

Hilo, HI 96720

Life is a journey which must be lived not one day at a time, nor one hour at a time, but one moment at a time.

I believe that relationships are more important than accomplishments, the journey is more important than the destination, its not about me, and its not about you, but it is all about HIM - Bob McCulley - Missionary to Africa

Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all people you can, as long as ever you can. - John Wesley

Let the beauty of what you love, be what you do. - Rumi

I am writing to voice my opposition to Bill SB1.

I was under the impression that we lived in a democracy, and were given the opportunity to vote on controversial issues. Am I wrong?

I strongly believe that by legalizing same sex marriage in our state, the consequences will be horrendous, in ways that I'm sure you have yet to imagine.

People that claim that legalizing same sex marriage has nothing to do with religion, and is a matter of civil rights, are completely wrong. This has everything to do with religion. What is happening, is anyone who doesn't agree with same sex marriage is being called a bigot, and consequently their religious freedom is being taken away. The first amendment of the constitution was written to prevent this. There is a reason that was the very first of all amendments. It is because it is what is keeping our country together. The moment you throw that out, you can expect a complete decay of our society.

I believe that every individual has free choice, that is fine. But don't go passing a bill before even giving the people a chance to vote on it. What do you think you are doing to our state? Our country?

Thank you for reading, and please take to heart what I have said.

Sincerely,

Toby Redd

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on
Finance:

I am writing to voice my opposition to Bill SB1.

I strongly suggest that Marriage between a Man and a Woman be supported. I urge you to please allow the people to decide on these most important issues. Furthermore, the people need to be informed properly upon what the real issues are and what the specific writings in the Law would dictate.

I support traditional Marriage being defined as a solemn joining between one man and one woman and no other configurations. I feel that today's children need a foundation in the homes that are conducive to their natural mother and father. If the homes are set upon these wholesome values then the propensity of the future would allow for our nations true strength. The family is outlined as it always has been from our forefathers long ago. This nation will be supported by the Blessings of God when founded upon his precepts.

Let our children today enjoy what we have had in our lives. Please consider the fondest memories of your mother and your father as they provided all support for you. We would not be here if it were not for Mother and Father.

Sincerely,

Timothy Gustavus

Your yes vote in special session is clearly a NO vote to democracy!

I strongly believe that we all should be given the right to vote and no one should be allowed to take the right away from us. I want my children to grow up the way god intended, having 1 man and 1 woman who get married and conceive children of their own to raise up and they will have the same chance to do the same. I strongly disagree with anyone trying to force anyone to do something that is against what they believe in. We are suppose to be America the Land of the FREE not the land of the forced. I want my children and grandchildren to grow up with the right morals in life and that does not include having a man and man or woman and woman being married and exposing themselves out to the public with them saying that is it right. Hawaii should remain the beautiful free state that it is currently. I ask you all to take the time to think how this will impact your children and grandchildren's further. It will definitely not be a positive impact as you can see by the other states who have passes the bill where one father went to the school and didn't agree with the school teaching his child that being gay was right and they arrested him and just for your info we had a gay person who identified himself as gay try to run one of the non gay sign waiver off the side of the road with his vehicle. This law is already endangering the lives of our children because there were many children there holding signs when this gentleman decided to do this incriminating act.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I believe that a yes vote on this bill would have severe consequences for all families in the future and on society as a whole. If the family unit is not stable then the government will have to take over where the family is lacking, and that would be very expensive and not very effective. In no way will this bill be passed by helpful to the people of Hawaii, of the United States. We need to protect our sacred rights and protect religious freedom and marriage. I pray that you won't make this big mistake by letting this bill pass, and ask that you let our voice be heard.

Thank you for the opportunity to testify.

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders. As a high school student at Iolani in the late 90s I remember the people being able to decide on the issue of same-sex marriage. Now, as a man and voting citizen I ask for the same opportunity.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equal rights for all, and I respect Lesbian, Gay, Bisexual, and Transgender individuals. However, I believe that equality should be available to ALL people, and not just favor the minority. This special session is not including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

As a public school teacher, I fight against bullying every day and I teach my students to be fair and respectful to all. I expect my government to do the same for me. This bill will severely impact my freedoms as a religious person.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I feel that parents, teachers, and the children are not given their equal rights, especially when it comes to what has to be taught in schools should this become law. The civil unions was enough rights for the gay and lesbians. The people who oppose have rights too, and to have to be required to teach first graders on up this lifestyle is not fair to them. Let the people decide.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenious and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

The current language in the draft bill does not grant adequate protections against lawsuits and other litigation for religious entities whose beliefs would be violated if they were forced to solemnize same-sex marriages (see pages 6 & 7 in the bill).

"In order for churches to protect themselves from being forced to do something against their beliefs they would have to meet all of the following three requirements:

"1. Regularly use their facilities for religious purposes. (Religious organizations that allow their facilities to be used for neighborhood board meetings, AA meetings, pick-up basketball games, birthday parties, [graduation celebrations, wedding receptions, funerals] and other non-religious purposes will no longer be protected.)

"2. Limit their marriages to only members. (If a religious organization allows non members to participate in the marriage ceremonies, then they will no longer be exempted. Example: a member of a congregation marries a person that is not a member of the same congregation.)

"3. Not operate as a for-profit business. (Religious organizations that rent out their facilities will not be protected.)

"However, if any religious organization or their affiliates are considered to be a public accommodation, they will no longer be protected regardless of whether they qualify for the above protection. The current language of this bill places churches and religions at increased risk of fines, charges and litigations.

“A ‘public accommodation’ is any place or service made available to the general public. Many religious facilities can be considered as public accommodations, thus disqualifying them from any protections offered by the bill against lawsuits and litigation. According to Hawaii Civic Rights Commission (HCRC), a state department that is responsible for investigating civil rights complaints, a public accommodation is ‘a business, accommodation, refreshment, entertainment, recreation, or transportation facility of any kind whose goods, services, facilities, privileges, advantages, or accommodations are extended, offered, sold, or otherwise made available to the general public as customers, clients, or visitors.’ HCRC could view churches as public accommodations as most churches welcome visitors to their Sunday services, recreational activities, and etc.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Kelly Scullion

Kapolei, Hawaii, 96707

I strongly feel that traditional marriage between a man and woman, is the foundation which supports society. Some traditions need to be preserved with all its integrity intact, the way it was composed in its creation. Marriage between one man and one woman. Please uphold our right to keep this most important, longest standing symbol of our family integrity, as it is, and how it was meant to be, intact. I feel that if the basis for traditional marriage is eroded this will cause our values to weaken.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

It is not 'equal rights' that we are deciding. That is a cover created to hide the gross indecency of this bill. Let marriage stand between one man and one woman. Let it serve as a testimony from Hawaii to the rest of the world that we value life, appropriate procreation, and God's Eternal Plan of Happiness. It makes me sick to think about what is happening in California after the evilness of this generation strangled that state's morality. Do not allow Hawaii to be covered by that same curtain of sin. I'm not against free-agency. People will do what they will, but don't condone the very act that destroys the fabric of stable society. Protect our children. Protect our moral agency. Do not promote or accept any path that forces a religious institution to perform, support, celebrate, or even be forced to claim indifference to same-sex marriage. At the very least, let the people decide. DO NOT decide without them. Do not destroy a moral society AND democracy.

Thank you for the opportunity to testify.

The Current proposed law has insufficient protection of religious beliefs and practices. There is no protection of church activities or church education programs. This Proposed Bill SB1 is simply badly written and should go through the regular legislative procedures and the people should be able to decide.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

My name is KeAnuenue Nikora and I oppose SB 1. A few reasons why I oppose this bill are because I believe that marriage should be between one man and one woman. I also believe that the current draft as it is written is very vague. Although it clearly states who it will protect, it fails to recognize who or what it will not protect. Finally there is too much uncertainty regarding what a final draft of this bill will actually say.

Marriage must be preserved for one man and one woman. Based on the SB1 draft that I just read, on page 12 lines 15-18 it clearly states that the people of Hawaii choose to preserve the tradition of marriage as a unique social institution based upon the committed union of one man and one woman. Yes, the lines are crossed out but it proves that the people of Hawaii have already decided. The fact that this issue is being revisited and could possibly be over turned is very unfair and upsetting. If anything, LET THE PEOPLE DECIDE, once again!

There is very little clarity about who or what it will not protect. Non-clergy members of the public who are authorized by the state to solemnize marriage are NOT protected from this bill. They will be forced to perform any marriage including same gender, regardless of their personal view; essentially taking away their freedom of choice.

Also, the bill neglects to include any protection of buildings, more specifically, churches. Sure, there is protection for the solemnization of marriages on church grounds, however what protection is there for post solemnization celebrations or parties. There are none! Protection is minimal for members of any congregation that hold their place of worship sacred. With no protection in SB1 for church grounds, our freedom of religion and choice are being severely threatened. Another flaw of House Bill 1 is that it fails to define membership in regard to churches. Who decides what constitutes membership in a particular church that may be deemed exempt? These are just a few of the examples regarding the lack of protection in SB1.

Finally the fact that a final draft has not even been submitted for the public to read is very alarming! How can our legislature even consider passing a bill of this magnitude without even submitting a final draft? At this point, SB1 has too many flaws and loop holes to be considered into law. As it stands, regardless of what draft it is, passing this bill will be more detrimental to our state than benefit.

I thank you for your time and again encourage you to please vote no to SB1 Hawaii Marriage Equality Act 2013.

Mahalo,

KeAnuenue Nikora

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

My name is KeAnuenue Nikora and I oppose SB 1. A few reasons why I oppose this bill are because I believe that marriage should be between one man and one woman. I also believe that the current draft as it is written is very vague. Although it clearly states who it will protect, it fails to recognize who or what it will not protect. Finally there is too much uncertainty regarding what a final draft of this bill will actually say.

Marriage must be preserved for one man and one woman. Based on the SB1 draft that I just read, on page 12 lines 15-18 it clearly states that the people of Hawaii choose to preserve the tradition of marriage as a unique social institution based upon the committed union of one man and one woman. Yes, the lines are crossed out but it proves that the people of Hawaii have already decided. The fact that this issue is being revisited and could possibly be over turned is very unfair and upsetting. If anything, LET THE PEOPLE DECIDE, once again!

There is very little clarity about who or what it will not protect. Non-clergy members of the public who are authorized by the state to solemnize marriage are NOT protected from this bill. They will be forced to perform any marriage including same gender, regardless of their personal view; essentially taking away their freedom of choice.

Also, the bill neglects to include any protection of buildings, more specifically, churches. Sure, there is protection for the solemnization of marriages on church grounds, however what protection is there for post solemnization celebrations or parties. There are none! Protection is minimal for members of any congregation that hold their place of worship sacred. With no protection in SB1 for church grounds, our freedom of religion and choice are being severely threatened. Another flaw of House Bill 1 is that it fails to define membership in regard to churches. Who decides what constitutes membership in a particular church that may be deemed exempt? These are just a few of the examples regarding the lack of protection in SB1.

Finally the fact that a final draft has not even been submitted for the public to read is very alarming! How can our legislature even consider passing a bill of this magnitude without even submitting a final draft? At this point, SB1 has too many flaws and loop holes to be considered into law. As it stands, regardless of what draft it is, passing this bill will be more detrimental to our state than benefit.

I thank you for your time and again encourage you to please vote no to SB1 Hawaii Marriage Equality Act 2013.

Mahalo,

KeAnuenue Nikora

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my strong opposition to Bill SB1.

I am asking you to allow the people to decide on the matter of marriage. I think the will of the people should be heard in this very important matter concerning their rights of conscience and religious freedom.

I am in opposition to this very important issue whose ramification in society cannot be seen. Marriage is to protect children not to secure a strong bond between two consenting adults.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

I am appalled that our state legislature is holding a special session to determine this issue, especially when there are so many other important issues that could and should be more urgently considered. When so many people have been affected by furlough and sequestration in the past year, we could utilize our state government's time more effectively working on legislation that will ensure economic stability and the well being of our populace. I don't know why marriage equality is deemed such an urgent issue that it deserves a special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my STRONG opposition to Bill SB1.

I do not agree that marriage should be redefined other than being 1 man + 1 woman. That is the only union possible to create a child which is one of the main purposes of marriage. This natural consequence of marriage ensure the existence of a stable society. Natural marriage needs to remain as currently defined.

This bill does not properly protect religious institutions that are part of religious organizations and it doesn't protect individuals from being forced to support gay marriage if their beliefs are different.

This is too big of a bill to rush through a special session. It is a very sneaky and under-handed tactic to use on an issue as controversial as this. Take it before the people who voted you into office and let them decide. Why are you afraid of doing this?

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

If partners that prefer to have sexual & emotional relationships with the same gender are legally recognized, then why is prostitution, polygamy and pedophilia illegal???

Use your common sense and stop being puppets of a perverted agenda. But if you cannot represent the people properly in this issue, then...

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Members of the Committee on Judiciary and Labor:

I am writing to voice my opposition to Bill SB1.

To give the people an opportunity to vote on Same Sex Marriage, please vote NO on this particular bill, and then encourage an election for the all voters of Hawaii to cast their own votes.

Your assumed commitment to your public office is to represent the people of Hawaii well.

You were not elected to be judges of the people; you were elected to speak on behalf of all people in Hawaii. This issue of SSM is clearly divided among the people. PLEASE let the people vote on this issue.

If you do not stop the current election of this bill, then please vote NO to keep our current marriage laws in effect. At the next election, or in a special election, give the people of Hawaii the opportunity to vote on SSM. It is the only real way to hear what the people want. Please do not take away our freedom and right to speak our hearts through a people's vote.

Please do not change our marriage laws until the people can cast their own votes.

If you feel you must vote on this bill, then please honor and respect my vote against SSM. I do not support SSM, and I ask that you please represent my vote.

Please remember and consider your call to represent the people, and to be partial to no one.

Thank you for your consideration.

Paula Tanaka

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

(Brandi Nahinu)

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to ask you to postpone the voting on Bill SB1 or vote no.

I am concerned about what the passage of this bill will mean for the rights of religious freedom and freedom of conscience, not only for pastors and churches who are provided some protection in the current bill, but also for businesses and other organizations, such as religiously-affiliated adoption and foster care agencies, private schools, and non-profits. This bill does not protect the freedoms of religion and conscience for businesses or other organizations.

I am also concerned about what passage of this bill will mean for the rights of teachers, parents and students involved in public school education. Teachers should not be forced to teach lessons that normalize or explicitly teach about same-sex marriage or sexual practices. Parents should be able to retain the authority to request that they be notified prior to lessons promoting and normalizing same-sex marriage or sexual practices and that their child be excused from class during such lessons. Students who do not think same-sex marriage is good must not be labeled bigots or bullies unless they show behavior that proves them as such. A student's respectful expression of his or her belief must not be misconstrued as homophobic and deserving reprimand or re-education. This bill does not protect the freedoms of religion and conscience for teachers, parents, or students in public school education.

Please allow time to consider how this bill will affect our society beyond the same-sex couples themselves and the pastors and churches.

Freedom of religion and freedom of conscience are not rights reserved only for church organizations and pastors. These basic freedoms must be preserved for all Hawaii residents. It is your sworn duty to preserve them.

Please postpone the vote on Bill SB1 or vote no.

Thank you for your time and your service.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature, by proceeding with a special session, is going against the will of the people as a whole. I support equality for all including the rights of conscience and religious freedom, which I ask you to continually respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided on in nearly one week. I ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session. The passing of this bill will effect everyone in our state and land, so everyone in our state and land ought to have an acknowledged voice and fair chance in the matter, more so than these written testimonies which may be overlooked will provide.

This bill should be given due process during the regular session where it can properly be vetted and examined AS ALL OTHER BILLS. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Proceeding forward without heeding our standings and voices, means your yes vote in special session is basically a no vote to democracy.

As a 23-year old, I will be living with the consequences of your vote and your acknowledgement of my standing for the rest of my life, through my own marriage, raising my children and grandchildren, and furthering of democracy and righteousness. Please consider the weight of this burden and let the people, who altogether will have broad shoulders to bear it, decide on their future and the definition of marriage which has not changed in our land until now.

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am opposed to the way the governor and elected officials have secretly decided on this bill before it getting to the floor of the House and house. The principles of democracy and the democratic process are being undermined, disregarded, and trampled on in this special session.

I support equality for all including the rights of conscience and religious freedom. The wording of this bill is mean spirited and cynical. It contradicts and eliminates religious freedom. As our elected representatives, we request you to provide as much protection for religious and conscientious freedoms as you have done to protect the opposing view.

This bill should be rejected and given due process where the wording of this bill can be properly examined and agreed upon during the regular session as all other bills. The people who have already voted on this issue and elected you to serve as their voices should have a say in public policy.

This legislation SHOULD NOT BE DONE IN SECRECY BEHIND CLOSE DOORS WITH ONLY ONE SIDE BEING HEARD AND CATERED TO!

Thank you for the opportunity to testify.

Hearing Date/Time: Thursday, October 31, 2013, 10:00 a.m.

Place: Capitol Auditorium

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.

This bill should be given due process during the regular session where it can properly be vetted and examined as all other bills. The people who elected you to serve as their voices should have a say in public policy that will forever obliterate thousand of years of indigenous and non-native culture, customs and traditions. Your yes vote in special session is clearly a NO vote to democracy!

Thank you for the opportunity to testify.

Matthew Dykema

Re: Strong Opposition of SB1 WILL TESTIFY IN PERSON

Dear Chair Rhoads of the House Committee on Judiciary and Chair Luke of the House Committee on Finance:

I am writing to voice my opposition to Bill SB1.

I am the father of three children.

I am a native Hawaiian.

I do not want the government telling teaching my children things that are against our religious and Hawaiian cultural beliefs.

I believe the following:

The traditional definition of marriage also affirms the societal value that children are central to the purpose of marriage and that children fare best when raised by the father and mother who brought them into this world. Throughout history and in all societies, the purpose of marriage has always been to help ensure that children have a mother and a father.

I believe this not only based on religion. but also numerous empirical studies over many decades establish that children develop best when raised by a father and a mother in a stable marriage relationship.

I am asking you to allow the people to decide on the issue of marriage as I believe the legislature is going against the will of the people. I support equality for all including the rights of conscience and religious freedom, which I ask you to respect as our elected leaders.

I am opposed to the most contentious social issue in our history being decided virtually in one week and ask that you please uphold the principles of democracy and the democratic process which are being disregarded in this special session.
