HAWAII STATE
HOUSE OF REPRESENTATIVES

SPECIAL SESSION OF 2021

MINI JOURNAL

FLOOR REMARKS TO BE INSERTED

FIRST DAY
JULY 6, 2021

OFFICE OF THE CHIEF CLERK
All Mini and Rough Draft Journals are provided as an informational service only and are not intended to replace the permanent bound version of the House Journal which is the official certified record. The daily Mini Journals and Rough Draft Journals are subject to correction and approval, and should not be relied upon, quoted or cited as an official record.

The Mini Journal is produced for each legislative day and shows all action which took place on the Chamber Floor, including all bills and resolutions introduced, referrals, readings, all motions and votes, and Governor's Messages and other Communications. The Mini Journal does not include verbatim floor remarks or announcements made.

The Mini Journal is generally available the next legislative day following each day's session and may be obtained at the House Printshop.

The Rough Draft Journal includes verbatim floor remarks, written remarks, announcements and introductions made on the Chamber Floor. Copies of the Rough Draft Journal may be obtained at the House Printshop as they become available.

The Mini Journal and Rough Draft Journal may also be obtained at the House of Representatives section of the legislative website. www.capitol.hawaii.gov

The bound version of the House Journal is the official certified record of the proceedings of the House of Representatives. Once certified, the official permanent record is published and bound after the close of the Regular or Special Session of the Legislature.
Tuesday, July 6, 2021

In accordance with the provisions of Section 16 of Article III of the Constitution of the State of Hawaii, the House of Representatives of the Thirty-First Legislature of the State of Hawaii convened in Special Session on Wednesday, July 6, 2021.

The Honorable Scott K. Saiki, member of the Twenty-Sixth District, having been elected Speaker of the House of Representatives on the Opening Day of the Thirty-First Legislature and retaining that position under the provision of Rule 1.5 of the Rules of the House of Representatives, called the House to order at noon, announcing:

"Members, we are convened pursuant to Article III, Section 16 of the Hawaii State Constitution, which provides that the governor shall have 45 days after adjournment of the Legislature sine die to consider bills considered after adjournment, and which allows the governor to return any bills with his objections. These said provisions allow the Legislature to convene at or before noon on the 45th day in special session, without call, for the sole purpose of acting upon any such bill returned by the governor.

"This day of July 6th is the 45th day after adjournment sine die of the Regular Session of 2021. The House will now come to order."

The invocation was delivered by Representative Della Au Belatti, after which the Roll was called showing all members present with the exception of Representatives Ilaian, McKelvey, and Nishimoto, who were excused.

Gov. Msg. No. 1168, transmitting his statement of objections to specific items contained in H.B. No. 200, HD 1, SD 1, CD 1, as follows:

“EXECUTIVE CHAMBERS
HONOLULU
June 23, 2021

This statement of objections is pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 200, entitled “A Bill for an Act Relating to the State Budget.”

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I, am returning herewith, without my approval, House Bill No. 200, entitled “A Bill for an Act Relating to the State Budget.”

The purpose of this bill is to appropriate funds for the operating and capital improvement program budgets of the Executive Branch for fiscal years 2021-2022 and 2022-2023.

While the bill as a whole has merit, I object to the following appropriations for the reasons indicated:

1. The $345,000 appropriation for fiscal year 2021-2022 and the $345,000 appropriation for fiscal year 2022-2023, both funded from moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, to be used for a medical cannabis public education campaign, designated in section 3, item L-6, page 33, on line 26, of the bill. I note that federal funds cannot be used by the medical cannabis program, because cannabis remains illegal under federal law.

2. The $134,000 appropriation for fiscal year 2021-2022 and the $1,137,000 appropriation for fiscal year 2022-2023, both funded from moneys from ARPA, to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements, designated in section 3, item K-17, on page 48, line 17, of the bill. According to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used to satisfy the nonfederal matching requirements.

3. The $160,020,792 appropriation for fiscal year 2021-2022 and the $153,659,250 appropriation for fiscal year 2022-2023, both funded from moneys from ARPA, to be used for debt service payments, designated in section 3, item K-17, on page 48, line 17, of the bill. According to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used for the payment of debt service.

Section 16 of Article III of the State Constitution provides that, “except for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same.” Because of the foregoing objections, I have taken the following actions pursuant to my line item veto authority:

1. Stricken out the $345,000 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used for a medical cannabis public education campaign (on page 23, line 26) and changed it to $0.

2. Stricken out the $345,000 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used for a medical cannabis public education campaign (on page 23, line 26) and changed it to $0.

3. Stricken out the $134,000 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements (on page 32, line 8) and changed it to $0.

4. Stricken out the $1,137,000 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements (on page 32, line 8) and changed it to $0.

5. Stricken out the $160,020,792 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used for the payment of debt service (on page 48, line 17) and changed it to $0.

6. Stricken out the $153,659,250 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used for the payment of debt service (on page 48, line 17) and changed it to $0.

For the foregoing reasons, I am returning House Bill No. 200 with the appropriations made from ARPA moneys for fiscal years 2021-2022 and 2022-2023 totaling $315,641,042, stricken from the bill.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 53

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article iii of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 53, entitled "A Bill for an Act Relating to State Bonds."

The purpose of this bill is to authorize the issuance of general obligation bonds by the State. Further, this bill declares the Legislature’s findings with respect to this bond authorization as required by Section 13 of Article VII of the Hawaii State Constitution.

This bill is objectionable because there is insufficient funding for the debt service on the amount of general obligation bonds proposed by this bill and the associated general obligation bond declaration, which renders them invalid.

House Bill No. 54, entitled "A Bill for an Act Relating to the State Budget," and House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88, both appropriate moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, §9901, 135 Stat. 4, 223 (2021), for debt service payments for fiscal years 2021-2022 and 2022-2023. However, according to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used for the payment of debt service. Consequently, general funds must be substituted for the ARPA moneys to pay debt service.

To correct this situation, in my statement of objections to House Bill No. 54, I stated that the appropriation of general funds must be made for fiscal
year 2021-2022 for the payment of debt service in the amount of $238,944,470. In addition, I stated that the appropriation of general funds must be made for fiscal year 2022-2023 for the payment of debt service in the amount of $257,446,927. If those general fund appropriations are not made to provide for debt service payments, then this bill is objectionable because the State would not be able to issue the general obligation bonds authorized by this bill due to the insufficient funding for the debt service payments. If the Legislature is able to meet my objections with respect to debt service in House Bill No. 54, I would likely no longer have objections to this bill, however, to allow sufficient time to correct the errors in House Bill No. 54, the effective date of this bill is objectionable because the funding for this bill is contingent on the corrections to House Bill No. 54. To correct that situation, the effective date of this bill would have to be delayed to provide sufficient time to ensure House Bill No. 54 is enacted prior to this bill being enacted.

For the foregoing reasons, I am returning House Bill No. 53 without my approval.

Respectfully,
/s/ David Y. Ige

*EXECUTIVE CHAMBERS*
HONOLULU
July 6, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 54
Honorable Members
Thirty-First Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 54, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:
1. Appropriate $250,000,000 in general funds for fiscal year 2020-2021 to be deposited into the Emergency and Budget Reserve Fund;
2. Appropriate $390,000,000 in general funds for fiscal year 2020-2021 for the actuarially required contribution for other post-employment benefits;
3. Amend House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88, to:
   (a) Appropriate $78,923,678 in general funds for fiscal year 2021-2022 for debt service payments;
   (b) Appropriate $103,787,677 in moneys from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) under the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, §9901, 135 Stat. 4, 223 (2021), for fiscal year 2022-2023 for debt service payments; and
   (c) Make the bill effective upon its approval; provided that the deposit into the Emergency and Budget Reserve Fund and appropriation for other post-employment benefits take effect retroactively on June 30, 2021.

This bill is objectionable for the following reasons:

Funding for Debt Service
This bill is objectionable because the moneys from the SLFRF cannot be used for the payment of debt service, and as a result, the bill understates the amount of moneys necessary for the payment of debt service for fiscal years 2021-2022 and 2022-2023. The payment of debt service is a primary obligation of the State required by law. The amounts required to pay the debt service are $238,944,470 for fiscal year 2021-2022 and $257,446,927 for fiscal year 2022-2023. The bill amends House Bill No. 200 by adding an appropriation of $78,923,678 from general funds for debt service payments for fiscal year 2021-2022 and an appropriation of $103,787,677 for debt service payments from the SLFRF for fiscal year 2022-2023.

House Bill No. 200 provided the balances of the total amounts due for each fiscal year for debt service payments, $160,020,392 for fiscal year 2021-2022 and $153,659,250 for fiscal year 2022-2023. However, I needed to line-item veto those appropriations for debt service payments in House Bill No. 200 because both of those items were funded by moneys from the funds established under the ARPA. The use of SLFRF for debt service payment is prohibited by the final interim rules on the SLFRF, issued by the United States Treasury (Treasury) on May 1, 2021 (codified at 31 C.F.R. §35.6) (the day after the session ended), and there are no other funds established under the ARPA that the State is allowed to use for debt service payments. Consequently, general funds must be substituted for the appropriations from the ARPA to pay debt service in the correct amounts of $238,944,470 ($78,923,678 + $160,020,792) for fiscal year 2021-2022 and $257,446,927 ($103,787,677 + $153,659,250) for fiscal year 2022-2023. It would be appropriate to amend this bill to rectify the improper use of SLFRF funds appropriated in the bill, by adding the correct amount of general funds necessary for debt service payments to meet the State's obligations.

Notably, the lack of sufficient funding for debt service payments has consequences beyond this bill. In addition to the State's inability to satisfy its debt service payment obligations, the deficiency in funding hinders the State from satisfying the bond authorization requirements of House Bill No. 53, entitled "A Bill for an Act Relating to State Bonds," and thus from issuing general obligation bonds to fund various capital improvement projects that are authorized in House Bill No. 200 and House Bill No. 185, entitled "A Bill for an Act Relating to the Judiciary," the Judiciary Appropriations Act of 2021. If these bond authorization requirements are unmet, the State cannot issue general obligation bonds and the capital improvement projects cannot commence. Therefore, it is critical to appropriate general funds for the debt service payments for fiscal years 2021-2022 and 2022-2023.

In addition to my objections to the lack of sufficient appropriation of general funds and the appropriation of ARPA funds to pay for debt service, I also object to other instances where no appropriation has been made and/or where the ARPA funds that have been appropriated are inconsistent with the final interim rules published after the session had ended, and some clarifying action is needed to maintain the uninterrupted operation of important State functions.

Funding for the Major Disaster Fund
This bill is objectionable because it did not include funding for the Major Disaster Fund when it amended House Bill No. 200. The Major Disaster Fund is a statutorily established fund in the Department of Defense to provide initial funding to respond to emergencies and disasters in Hawaii. I believe that not having funding will have a major detrimental impact on the Department of Defense's ability to respond to emergency situations when people's lives and properties are at stake. It would be imprudent for the Department of Defense not to have immediate access to funds to address a crisis. Waiting for identification of surplus funds and delays in securing those funds could jeopardize the State's ability to provide a rapid and effective response to emergency situations. At minimum, funding for the Major Disaster Fund should include a general fund appropriation of $5,000,000 for fiscal year 2021-2022 and $5,000,000 for fiscal year 2022-2023 to ensure moneys are readily available to meet this critical need.

Funding for Essential Programs and Services
Additionally, there were objectionable appropriations of federal ARPA funds in several other bills for which a general fund appropriation would be more appropriate.

Effective date
The effective date upon approval for part II of the bill, which amends House Bill No. 200, is objectionable because those amendments should be effective on June 30, 2021 to avoid gaps in funding.

In summary, my objections to this bill are that (1) it understates the amount of moneys necessary for the payment of debt service for fiscal years 2021-2022 and 2022-2023, (2) it improperly appropriates ARPA funds for the payment of debt service, and (3) it fails to fund other essential programs or services of the State. It is my hope that the Legislature will amend this bill to meet my objections as it is authorized to do by section 16 of article III of the Constitution of the State of Hawaii, and that it will make the amendments retroactive to June 30, 2021, to avoid gaps in funding.

For the foregoing reasons, I am returning House Bill No. 54 without my approval.

Respectfully,
The intent was to generate more revenues for state services. In addition, the Coronavirus Response and Relief Act of 2020 and the American Rescue Plan already file motions to disqualify judges of the ICA or justices of the Supreme Court and nothing precludes litigants from requesting a hearing. In addition, requiring an appellate court to provide for a hearing for every motion to disqualify would limit its ability to reject spurious claims, slowing down the appellate process.

For the foregoing reasons, I am returning House Bill No. 338 without my approval.

Respectfully,
/s/ David Y. Ige

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 338, entitled "A Bill for an Act Relating to the Judiciary."

The purpose of this bill is to require an appellate court to hold a hearing when a party to an appellate court proceeding files a motion to disqualify or recuse a judge or justice on the basis of a possible conflict of interest.

This bill is objectionable in part because parties to cases pending before the Intermediate Court of Appeals (ICA) and the Hawaii Supreme Court can already file motions to disqualify judges of the ICA or justices of the Supreme Court and nothing precludes litigants from requesting a hearing. In addition, requiring an appellate court to provide for a hearing for every motion to disqualify would limit its ability to reject spurious claims, slowing down the appellate process.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 465

Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 465, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to amend section 89-5, Hawaii Revised Statutes, to change the manner in which the representative of labor is appointed to the Hawaii Labor Relations Board (HLRB) and a means for removal of that representative if the exclusive representatives determine that the representative does not demonstrate the necessary ability to serve.

This bill is objectionable because there is concern that the summary removal process provided in this bill may jeopardize the HLRB’s ability to make neutral and unbiased decisions. Because of the nature of the duties HLRB members perform, each HLRB member must remain neutral in the face of the facts and the law while earnestly representing their respective constituencies (labor, the employer, and the public). Historically, unanimous agreement among HLRB members has not been commonplace and there exist internal processes for resolving disagreements. The HLRB should be able to exercise these processes rather than allowing the exclusive representatives to remove HLRB members. I believe that the HLRB is currently able to maintain its present degree of independence and neutrality precisely because its members are protected from being summarily removed merely for political reasons or because of parties’ assumption that they were entitled to a predetermined outcome.

For the foregoing reasons, I am returning House Bill No. 465 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 58
Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 58, entitled "A Bill for an Act Relating to State Funds."

The purposes of this bill are to temporarily suspend certain general excise and use tax exemptions for the period January 1, 2022, through December 31, 2023, and to increase, effective on January 1, 2022, the conveyance taxes in each county, which is problematic and could have negative inadvertent consequences for family-owned businesses, agriculture, industrial, public service, preservation and conservation projects.

Projects with community benefit that will be adversely affected by this increase in conveyance tax include, for example: Castle and Cooke’s plan to gift 16 acres of land valued at $16 million for the relocation of Waiauwa General Hospital; a pending proposal to preserve 380 units of existing affordable rental apartments in Chinatown; a plan to purchase 87 acres of former Dole plantation lands in Waipahu for affordable housing; and a pending proposal to preserve and renovate 143 affordable rental apartments in Waipahu.

Further, the generation of more revenues for state services in the manner proposed by this bill is no longer necessary. Hawaii’s fiscal situation has improved dramatically from the time that the fiscal biennium 2021-2023 Executive Biennium Budget and Financial Plan was presented to the Legislature in December 2020. Since then, the Council on Revenues met three times and increased its general fund revenue projections for fiscal years 2020-2021 through 2026-2027 by a total of $6.1 billion over this seven-year period. In addition, the Coronavirus Response and Relief Supplemental Appropriations Act of 2020 and the American Rescue Plan Act of 2021 provide substantial federal funding to address a range of pandemic-related state costs, including almost $600 million for the pandemic-related state costs, including almost $600 million for the
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 515, entitled “A Bill for an Act Relating to the Department of Education.”

The purpose of part I of this bill is to require the Auditor to audit the Department of Education’s School Food Services Branch to determine the amount of local produce that is being purchased and served to students and to identify the sources of the purchased produce. The purpose of part II of this bill is to require that the Board of Education prioritize for the Superintendent of Education position candidates who have the minimum qualification of ten years of employment in a department of education, including no less than five years serving as a principal or in a higher-level position, and a desired qualification of having a working understanding of the State’s tri-level system of educational administration.

This bill is objectionable because the Department of Education’s School Food Services branch is already conducting its own system-wide audit of local produce purchased and served in school cafeterias. Requiring the State Auditor to conduct another audit would be a duplication of effort and is unnecessary. The administration fully supports increasing the amount of local produce served in schools, as demonstrated by the signing of HB767. Through the Aina Pono program, DOE is increasing local food in student meals, as well as connecting our keiki with the ‘Aina through their food, using produce from the local agricultural community. The ‘Aina Pono program was created to combine the Farm to School Initiative with our other educational programs, including ‘Aina Pono Harvest of the Month, test kitchens, meal programs, menu planning, health and food education, nutrition, and school gardens.

Regarding part II, the Board of Education (Board) is the primary government entity charged with determining educational policy and appointing the Superintendent of Education. Part II effectively usurps the Board’s discretion over hiring, thereby interfering with the Board’s statutory obligation to appoint the Superintendent, and may have an unintended consequence of limiting the supply of future candidates for the position.

For the foregoing reasons, I am returning House Bill No. 515 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 546

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 546, entitled “A Bill for an Act Relating to Education.”

The purposes of this bill are to: (1) require Complex Area Superintendents to report directly to the Superintendent of Education (Superintendent); (2) require the Department of Education (DOE)’s Office of Information Technology Services to submit a report to the Legislature pertaining to the restructuring requirements in the next biennium set forth in the bill; and (3) require the DOE’s Office of Strategy, Innovation, and Performance to submit a report to the Legislature pertaining to the restructuring requirements in the next biennium set forth in the bill.

This bill is objectionable because it circumvents the statutory control and authority of the Board of Education to determine the organizational structure of the department. The structural change in staff reporting at the DOE that this bill prescribes may prevent the Superintendent from effectively conducting the Superintendent’s core job functions by overburdening the Superintendent with the additional responsibility of supervising the work of 15 Complex Area Superintendents. The primary role of the Superintendent is to oversee the planning, organizing, and directing of system-wide programming, financing, and personnel. The existing organizational structure allows the Superintendent to focus on the overall strategic planning and vision for the DOE. Currently, Complex Area Superintendents report to the Deputy Superintendent, who is charged with overseeing academic and educator development and is better positioned to oversee the work of Complex Area Superintendents.

Additionally, this bill would make a significant alteration to organizational reporting structure within the DOE through statute. Writing this change into state law may make it difficult for the DOE to make future changes in reporting structure without first receiving legislative approval. This would significantly hinder DOE’s ability to apply development of a dynamic organizational structure that best serves the needs of students, administrators, and other school functions.

Furthermore, the organization of each department is established via detailed organizational charts, which are comprised of multiple levels of organizational units. These organizational structures are developed based on public-service needs, budget restraints, and sound administrative practices, and are periodically revised to address changing circumstances. Initiating reorganizations through the legislative process largely ignores all of these multifaceted considerations.

For the foregoing reasons, I am returning House Bill No. 546 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 572, entitled “A Bill for an Act Relating to the Hawaii Emergency Management Agency.”

The purposes of this bill are to place the Hawaii’s Emergency Management Agency (HI-EMA) within the Department of Defense (Department) for administrative purposes only, make the Administrator of emergency management the Director of the HI-EMA, require the Administrator to report directly to the Governor, and require the Governor to appoint the Administrator of the HI-EMA.

This bill is objectionable because the timing of the implementation does not give the State, nor the Department, enough time to fully assess other potential alternative organizational structures for the HI-EMA and to determine the ramifications of the administrative attachment of the HI-EMA to the Department, particularly during the ongoing COVID-19 public health emergency operation.

Furthermore, in times of emergency HI-EMA works in conjunction with the Hawaii’s National Guard. Having a separate chain of command to address an emerging health or safety emergency will complicate the response, possibly jeopardizing public safety.

Revisiting this effort next year with more inputs from the agencies impacted by these structural changes would allow for greater review of various options for reorganization that may result in greater efficiencies than the current plan outlined in the bill.

For the foregoing reasons, I am returning House Bill No. 572 without my approval.

 State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 613, entitled “A Bill for an Act Relating to Education.”

The purposes of this bill are to: (1) appropriate moneys from the Elementary and Secondary School Emergency Relief Fund established by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, received by the State for the Department of Education (DOE) to fund certain education related items; (2) appropriate moneys from the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, Public Law 116-260, received by the State for the DOE to fund certain education related items; (3) appropriate moneys from the America Rescue Plan Elementary and Secondary School Emergency Relief (ESSER) Fund established by the American Rescue Plan Act of 2021 (ARPA), Public Law 117-2; and (4) delay pay increases for all superintendents granted by the Board of Education until Department heads receive raises set forth in the most recent salary recommendations by the Commission on Salaries.

This bill is objectionable because appropriations made in this bill do not comply with federal guidance for spending and put the State at risk of being in violation of federal rules. According to guidance issued by the United States Department of Education, state legislatures do not have the ability to limit a local education agency’s use of funds appropriated through the CARES Act or ARPA. For federal purposes, DOE is considered both a State Education Agency, as well as a Local Education Agency. The prescriptive limits on spending for each service category outlined in the bill effectively limit DOE’s ability to allocate funds in violation of the federal guidance.

Additionally, the federal government requires a Local Education Agency using ARPA funds to develop a spending plan that incorporates “meaningful consultation” with community stakeholders, including teachers, principals, students, school staff, unions, civil rights organizations, English learners, and various other groups. 86 Fed. Reg. 21195, 21195. The spending plan outlined in this bill was developed during conference committee and it does not appear that any meaningful community consultation occurred. This lack of a transparent and open consultation process puts the State and DOE at risk of being in violation of federal guidance. Violation of federal rules could result in the State being required to return such funds.

For the foregoing reasons, I am returning House Bill No. 613 without my approval.

Respectfully,

/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 774
Honorable Members
 Thirty-First Legislature
 State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 774, entitled “A Bill for an Act Relating to Development Districts.”

The purposes of this bill are to: (1) establish the Pu‘akea‘a community development district in the County of Maui to redevelop, renovate, and improve public lands in Pu‘akea‘a, Maui; (2) amend the composition of the Hawaii Community Development Authority (HCDA) to add the Director of the Office of Planning or the director’s respective designee as an ex officio, voting member of the HCDA and the community development district authority boards and two at-large members with expertise in urban planning, infrastructure, or financing; (3) require that the terms of the Director of Finance, Director of Transportation, and the Director of the Office of Planning, or their respective designees, run concurrently with their respective official terms of office; (4) establish new separate community development district authority boards to oversee the existing Kaka‘ako, Kalaeloa, and He‘eia community development districts and the new Pu‘akea‘a community development district; and (5) amend the scope of the HCDA’s exclusive powers including: (a) requiring the mutual consent of the HCDA and the appropriate community development district authority board prior to any sale or encumbrance of any real property or other financial assets or physical assets of the HCDA; (b) prohibiting the HCDA’s transfer of any additional debts or liabilities or superior debts to any community development district authority board that would negatively impact the holders of bond notes; (c) adopting and revising bylaws relating to the internal management and organization of the HCDA and the community development district authority boards; and (d) adopting rules relating to the approval of reserved housing developed outside of a community development district.

This bill is objectionable because it establishes four new community development district authority boards but does not place these new boards within one of the principal departments. Section 6 of article V of the Hawaii State Constitution requires that “[a]ll executive and administrative offices, departments and instrumentalities of the state government and their respective powers and duties shall be allocated by law among and within not more than twenty principal departments in such manner as to group the same according to common purposes and related functions.” Since the bill does not provide for placement of the new boards within a principal department, the bill will be subject to challenge as establishing the new boards in violation of the organizational placement requirement of section 6 of article V of the Hawai‘i State Constitution.
Additionally, there are concerns about the prescribed requirements of more than one of the district authority boards. A lack of eligible nominees has the potential to hinder progress of the board.

This bill is also objectionable because it incorrectly lists Tax Map Key (TMK) number "2-3-8-009-038" as part of the new Pulehuini community development district. This TMK number refers to a privately-owned, residential-zoned parcel.

For the foregoing reasons, I am returning House Bill No. 774 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 862

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 862, entitled "A Bill for an Act Relating to State Government."

The purposes of this bill are to effect a number of changes to the Pacific International Space Center for Exploration Systems (PISCES); the Transient Accommodations Tax (TAT); and the Hawaii Tourism Authority (HTA). Specifically, this bill:

1. Transfers PISCES from the Department of Business, Economic Development, and Tourism (DBEDT) and places it within the University of Hawai‘i at Hilo for administrative purposes only, and transfers the balance of funds in its special fund accordingly;
2. Abolishes the Office of Aerospace Development, the Aerospace Advisory Committee, and the Unmanned Aerial Systems Test Site Advisory Board within DBEDT and transfers the Challenger Center Program and its funds held in the Office of Aerospace Development to the Department of Education;
3. Repeals TAT funding for the counties, the Tourism Special Fund (within HTA), the Special Land and Development Fund, the State Parks Fund, and the trails and access program (all within the Department of Land and Natural Resources), reverting to the general fund amounts that otherwise would have been funded;
4. Authorizes the counties to establish their own TAT charge with a cap of three percent of all gross rental value taxable thereunder;
5. Amends TAT funding of the Hawaii Convention Center Enterprise Special Fund from $16.3 million to $11 million, but maintains the Tourism Emergency Fund at $5 million;
6. Repeals HTA’s Tourism Special Fund (TSF), along with conforming amendments repealing funding reliant on, or wording in other statutes referring to, the TSF (including certain Central Services expense payment exemptions, the Turtle Bay Conservation Easement special fund, and HTA CEO and employee salaries);
7. Repeals HTA’s market development-related research authority;
8. Repeals HTA’s exemption from chapter 1030 (the procurement code, Hawaii Revised Statutes (HRS); and
9. Appropriates $60 million in moneys from the Coronavirus State and Local Recovery [sic] Funds (SLFRF) under the American Rescue Plan Act of 2021 (ARPA) (see comments below) for HTA for fiscal year 2021-2022, to be expended by DBEDT.

This bill is objectionable because it ends dedicated funding from TAT for HTA and substantially reduces funding for the Hawaii Convention Center (HCC) at a time when both need current funding levels to be maintained and fails to appropriate sufficient and suitable funding for the operation of HTA and HCC.

A second, equally important objection is a repeal of HTA’s special fund as well as its portion of the TAT, replaced by significantly lower, one-time SLFRF funding. It not only undermines the purpose of the TAT (to provide dedicated funding from visitors to mitigate their impacts on the community), but it also hinders HTA’s current efforts in destination management to strike a more sustainable balance between needed tourism revenue and tourism’s community impacts. The lack of a special fund appropriation for the operation of HTA in this bill or in House Bill No. 200, entitled “A Bill for an Act Relating to the State Budget,” the General Appropriations Act of 2021, approved as Act 88, is objectionable because the SLFRF funds appropriation cannot and does not take the place of an appropriation of special funds. The recent Treasury rules define the SLFRF funds as federal grants, subjecting them to federal grant requirements that include extensive reporting requirements and adherence to strict procurement procedures. These federal requirements would hinder and prove inefficient for HTA operations, including its ability to participate in cooperative advertising with the tourism industry domestically and internationally and to conduct its grant and other discretionary funding programs for numerous sponsored events, including community events like the Merrie Monarch Festival.

A special fund appropriation for HTA operations is necessary for HTA to respond to shifting circumstances as the State emerges from the restrictions imposed by COVID-19. The repeal of special funds for HTA operations in this bill is objectionable because the operation of the HTA in this critical time of recovery offers an opportunity to reinvent the tourism industry in Hawai‘i, and requires the appropriations from its special fund, rather than the restrictive SLFRF funds. Although the numbers of domestic visitors have rebounded much faster than anticipated, international visitors still account for only a small percentage of pre-COVID-19 levels. HTA needs to help Hawai‘i re-capture its share of international visitors as health conditions improve abroad. Like convention visitors, international visitors are vital to developing a more sustainable tourism industry based on quality, not quantity, of visitors. HTA needs to have the flexibility the special fund appropriations provide to continue its efforts to rebrand the industry and make it more sustainable. Accordingly, repeal of HTA’s special fund at this critical time is ill-advised. It also is unclear if the SLFRF funds can be used to support an appeal to foreign markets.

The cuts to HCC funding in this bill will restrict its ability to attract additional events to the State and fulfill its mission. Inadequate funding is objectionable because it does not provide complete support for a robust schedule to maximize an HCC calendar of activities. Without the special funds appropriation, the HCC is unable to book conventions beyond the scope that the amount of the SLFRF funds appropriation accommodates. With the easing of COVID-19 restrictions domestically and in Canada and Europe, there is increased demand to hold conventions in Hawai‘i. Reestablishing convention activity in Hawai‘i is vital to developing a more sustainable tourism industry based on quality, not quantity, of visitors. Therefore, the cuts to HCC funding are objectionable. In addition, at minimum, the HCC operation would need an appropriation of $54,069,594 out of the convention center enterprise special fund for fiscal year 2021-2022 and the same sum for fiscal year 2022-2023.

Furthermore, the repeal of HTA’s special fund and cuts in appropriations for both HTA and HCC were predicated in part on dire revenue forecasts that have since been revised upward and have thus relieved much of the pressure to repeal special funds and restrict funding to the very enterprises that will generate future revenue for the State. The year-to-year funding contemplated in this bill and House Bill No. 200 as related to the fundings for HTA and HCC would not allow long-term planning, multi-year contract savings for the operations of HTA and HCC, and execution of a strategic plan.

The bill is also objectionable because it repeals HTA’s procurement exemption. Sustaining HTA’s current exemption from the Hawaii Procurement Code (chapter 1030, HRS) is essential to continue to provide the flexibility necessary for HTA to respond timely and quickly to the complex contracting requirements encountered by HTA every day. The operation of HTA, particularly during this challenging time, is reliant on its ability to contract rapidly and efficiently with an increasing variety of contractors throughout the world, who provide unique services, cultural events and other opportunities in a competitive world market. The Hawaii Procurement Code is ill-adapted to the exigencies of today’s tourism market,
and the procurement protocols already in place at HTA provide many of the same legal protections without the administrative and logistical delay.

The bill also is objectionable because it fails to cite to chapter 231, HRS, and the authorities for the administration of taxes provided therein. Without reference to chapter 231, HRS, the county directors of finance are unable to, among other things, (1) impose penalties under sections 231-34 to 231-41, HRS, for violations such as failure to file returns and failure to pay tax; (2) impose interest on underpaid amounts under section 231-39, HRS; and (3) subpoena records under section 231-7, HRS. Moreover, while the bill seeks to provide authority to the counties to levy, assess, and collect transient accommodations tax upon adoption of a county ordinance and in accordance with section 46-17, HRS, the bill also provides that the tax shall be levied, assessed, and collected as provided in "this section." By failing to reference the "chapter," and limiting the counties' authority for the administration of the tax to "this section," it does not appear that the counties will be able to administer the tax because the new section created by the bill does not provide for how the new county transient accommodations tax is to be levied, assessed, and collected.

This bill is also objectionable because it is inefficient to create an entirely new set of tax collection systems for each county. Additionally, if dedicated funding from the TAT to the counties is to be preserved, this bill creates a gap for counties from existing TAT resources while new systems are being implemented. Previously, the Legislature has granted the State the authority to assist the counties with tax collection administration, for example, with county surcharges. The Legislature did not grant the State this authority in this bill.

This bill is also objectionable because there is no funding for PISCES in House Bill No. 200. PISCES is an on-going program to help diversify Hawaii's economy through applied research, workforce development, and economic development initiatives in the space exploration field. Funding PISCES will ensure continued emphasis in this high potential field.

Additionally, there is no provision to transfer contracts, equipment, and other essential functions from DBEDT to the University of Hawaii - Hilo for PISCES.

This bill is also objectionable because the funding for the Challenger Center Program in House Bill No. 200 changes the means of funding to unspecified federal funds. It is the Department of Education's (DOE) understanding that the source of federal funds for the Challenger Center Program is Federal Elementary and Secondary School Emergency Relief Funds (ESSER). According to guidance issued by the United States Department of Education, state legislatures do not have the ability to limit a local education agency's use of funds appropriated through the CARES Act or ARPA.1 For federal purposes, the DOE is considered both a State Education Agency, as well as a Local Education Agency.

For the foregoing reasons, I am returning House Bill No. 862 without my approval.

Respectfully,

State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 895, entitled "A Bill for an Act Relating to Credit for Time of Detention Prior to Sentence."

The purpose of this bill is to amend section 706-671(3), Hawaii Revised Statutes (HRS), to clarify that a defendant who is convicted of a crime committed while serving a term of imprisonment for a separate unrelated crime cannot receive credit for any presentence detention time served for the new offense that overlaps with time being served for the old offense.

This bill is objectionable because the wording in the bill, as it is written, does not overcome the problem identified by the Hawaii Supreme Court in State v. Abihai, 146 Hawai‘i 398, 453 P.3d 1055 (2020), and does not achieve what the Legislature intended when it first passed section 706-671(3), HRS, in 2012. The bill will have no effect on the sentence a defendant receives for a crime committed while serving a term of imprisonment for a separate unrelated crime.

For the foregoing reasons, I am returning House Bill No. 895 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1284, entitled "A Bill for an Act Relating to the Department of Human Services."

The purpose of this bill is to establish within the Department of Human Services (DHS) an "all-claims, all-payer data center steering committee" to "oversee and provide direction for the all-claims, all-payer database and data center within the health analytics program established in section 346-421." Hawaii Revised Statutes, composed of one member from the DHS and six members from other agencies.

This bill is objectionable because another multi-agency steering committee already exists in the State Health Planning and Development Agency, which is almost identical in its composition and responsibilities to the committee proposed in the bill. The existing multi-agency steering committee is actively carrying out its duties. This bill also lacks clarity regarding the relationship between the steering committee established in this bill and the administrator of the DHS’s Health Analytics Program, a position established by section 346-421(a), HRS, as it is ambiguous regarding which entity has superseding authority over the all-claims, all-payer database and data center.

For the foregoing reasons, I am returning House Bill No. 1284 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1296, entitled "A Bill for an Act Relating to State Funds."

The purposes of this bill are to: (1) repeal the Hawaii tobacco prevention and control trust fund (Trust Fund) and transfer any balance of the Trust Fund to the general fund on June 30, 2025; repeal the allocation of 26 percent of the Hawaii tobacco settlement special fund (Special Fund) to the university revenue undertakings fund on July 1, 2033, set a cap of $4,300,000, on the Special Fund, require that the management contract for the Trust Fund not extend beyond June 30, 2025; and require the Department of Health to provide an annual report to the Legislature before the regular sessions of 2022, 2023, 2024, 2025, and 2026 on Trust Fund expenditures; (2) make an emergency appropriation of $4,780,880 for fiscal year 2020-2021 for the state comprehensive emergency medical services system; (3) appropriate $577,466 for fiscal years 2021-2022 and 2022-2023 for two full-time equivalent (FTE) permanent and five FTE temporary positions in the Office of the Governor; (4) require state departments to reimburse the State for fringe benefit costs of special-funded employees; (5) prohibit any expenditure of cigarette tax moneys in the Hawaii cancer research special fund for research and operating expenses; (6) repeal the deposit of any cigarette tax money into the cancer research special fund on July 1, 2041; (7) and repeal the deposit of cigarette tax moneys into the emergency medical services special fund on July 1, 2021; (8) establish a threat assessment program within the Hawaii State Fusion Center of the Office of Homeland Security within the State Department of Defense; (9) and repeal the allocation of 26 percent of the Hawaiian Home Receipts Fund on July 1, 2021; (9) appropriate $132,972 for fiscal years 2021-2022 and 2022-2023 for one FTE permanent administrative assistant position in the Department of Human Resources Development.

This bill is objectionable because by repealing the Trust Fund, the bill would eliminate the dedicated, long-term funding arrangement for tobacco prevention programs. The Trust Fund uses payments being made by tobacco companies pursuant to the Tobacco Master Settlement Agreement to develop and fund programs to prevent tobacco uptake and to cease tobacco use. Defunding a dedicated revenue source for tobacco prevention and cessation programs creates uncertainty about the continuity of those programs and their ability to achieve their intended outcomes. Any significant reduction in these programs or services will likely result in negative public health impacts and significantly higher health care costs in future years. Over the last twenty years, these programs have helped prevent youth from initiating smoking, have reduced the number of residents who smoke, and have reduced tobacco-use-related healthcare expenditures by over one billion dollars.

Additionally, the bill would eliminate the University of Hawaii (UH) Cancer Center’s ability to conduct cancer research and cancer center operations with cigarette tax moneys, significantly increasing costs for the UH to maintain its existing operation and programs.

Notably, recent improvements in the state’s current fiscal situation and forecasted tax revenues appear to eliminate the need for this bill. For the foregoing reasons, I am returning House Bill No. 1296 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1299

Honorable Members
Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, House Bill No. 1299, entitled "A Bill for an Act Relating to Non-General Funds."

The purposes of this bill are to repeal, abolish, or amend various non-general funds and accounts and to transfer the unencumbered balances remaining in such funds and accounts to the general fund.

This bill is objectionable because there are several provisions that pose constitutional, operational, or legal issues. They are: (1) the repeal of the Milk Control Special Fund; (2) the reclassification of the Hawaiian Home Receipts Fund from a trust fund to a trust account; (3) the abolishment of the National Mortgage Settlement Trust Account; (4) the repeal of the Hawaii Technology Loan Revolving Fund; (5) the repeal of the Judiciary’s Probation Services Special Fund; (6) the repeal of University of Hawai‘i’s Community Service Special Fund; (7) the repeal of the Private Trade, Vocational, and Technical School Licensure Special Fund; (8) the repeal of the Hawaii Water Infrastructure Special Fund; and (9) the repeal of the Agricultural Development and Food Security Special Fund.

(1) The Milk Control Special Fund provides a source of funding for the regulatory oversight of the milk industry in Hawai‘i. It is funded by the license fees collected for its activities, which fees are deposited into the Milk Control Special Fund. Accordingly, the transfer of those regulatory fees may be subject to challenge under Hawaii Insurers Council v. Lingle, 120 Hawai‘i 51, 201 P.3d 564 (2008). In that case, the Hawaii Supreme Court opined that transferring "legitimate regulatory fees" from an insurance special fund into the State’s general fund violated the separation of powers doctrine because administrative fees and assessments imposed by an administrative agency can only be used for the purposes of providing services to the persons or entities paying such fees. Any other use of the fees would constitute a tax, which can only be imposed by a Legislature. The Court adopted a three-pronged test to determine whether any assessment was a regulatory fee and therefore was probably not transferable to the general fund. The test asks (1) whether a regulatory agency assesses the fee, (2) whether the agency places the money in a special fund, and (3) whether the assessment “is expended for general public purposes or [instead] used for the regulation or benefit of the parties on whom the assessment is imposed.” Id. at 66, 201 P.3d at 579.

In this instance, the Department of Agriculture is the regulatory agency that assesses the fee, the subject moneys are placed in a special fund, and the assessment is used for general public purposes. As such, the assessment is not transferable to the general fund pursuant to Hawaii Insurers Council v. Lingle.

(2) The reclassification of the Hawaiian Home Receipts Fund from a trust fund to a trust account is contrary to the express provisions of section 213(d) of the Hawaiian Homes Commission Act, 1920. Section 213(d) reads as follows:

(d) The repeal of the Hawaiian Home Receipts Fund from a trust fund to a trust account is contrary to the express provisions of section 213(d) of the Hawaiian Homes Commission Act, 1920. Section 213(d) reads as follows:

(1) There are established in the treasury of the State four trust funds, to be known respectively as the Hawaiian home operating fund, the Hawaiian home receipts fund, the Hawaiian home trust fund, and the native Hawaiian rehabilitation fund and one special fund to be known as the Hawaiian home administration account. (Emphases added.)

(3) Section 62 of this bill abolishes the National Mortgage Settlement Trust Account, which was administratively established in 2012 based on a consent judgment that was filed along with 48 other states in U.S. District Court for the District of Columbia, and lapses the unencumbered balance to the general fund. This Trust Account was established pursuant to a court order and the termination of the Trust Account may subject the State to sanctions because the purposes for which the Trust Account was established are still continuing.

(4) The repeal of the Hawaii Technology Revolving Loan Fund conflicts with H.B. 1191 Relating to Broadband Service Infrastructure, which retasks and renames this same fund to the Hawaii Broadband Infrastructure Fund.

(5) The repeal of the Judiciary’s Probation Services Special Fund defunds positions and services for the Judiciary’s statewide assessment database, which the Probation Program uses to supervise offenders, and eliminates the funding source for the Interstate Compact Offender System Coordinator position, which [sic] is responsible for compliance with federal rules for the tracking of offenders leaving and entering the State from Compact of Free Association states.

(6) The repeal of University of Hawai‘i’s Community Services Special Fund eliminates the funding source for the University’s non-credit Outreach

(7) The repeal of the Private Trade, Vocational, and Technical School Licensure Special Fund funds a 0.50 FTE permanent positions and administrative/operational costs used for the protection of consumers from deceptive educational practices.

The purpose of this bill is to establish the transit-oriented development zone improvement board to develop and implement a transit-oriented development zone improvement program to foster community development by strategically investing in public facilities.

This bill is objectionable because the bill does not provide for placement of the transit-oriented development zone improvement board within a principal department. Pursuant to Section 6 of Article V of the Hawaiʻi State Constitution, the transit-oriented development zone improvement board must be placed within a principal department. Consequently, this bill would establish the new board in violation of the organizational placement requirement of Section 6 of Article V of the Hawaiʻi State Constitution.

The purposes of this bill are to establish a "Hawaii Made" program in the Department of Business, Economic Development, and Tourism (DBEDT) and to appropriate $150,000 for the "Hawaii Made" program out of the American Rescue Plan Act of 2021 (ARPA), Pub. State of Hawaiʻi

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaiʻi, I am returning herewith, without my approval, Senate Bill No. 404, entitled "A Bill for an Act Relating to Electioneering Communications."

The purposes of this bill are to (1) exempt candidates and candidate committees from having to file electioneering communication statements of information, (2) reduce the aggregate amount that can be spent on electioneering communications before a statement of information must be filed from $2,000 to $1,000; (3) reduce the electioneering communications reporting requirement to just one statement of information to be filed upon meeting the $1,000 in aggregate spending; (4) revise the definition of "electioneering communication" to include any advertisement sent by mail, rather than just by bulk mail; and (5) clarify that an electioneering communication does not include communication that is an actual expenditure.

This bill is objectionable because it exempts candidate and candidate committees from the heightened twenty-four-hour reporting requirements, resulting in less information being provided to the public prior to election day. Furthermore, for noncandidate committees, the bill reduces the annual

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 639, entitled “A Bill for an Act Relating to Courts of Appeal.”

This purpose of this bill is to amend chapter 602, Hawaii Revised Statutes by adding new sections designated “[s]ua sponte decisions” that would prohibit the appellate courts, when acting on a matter on appeal, from affirming, modifying, reversing, or vacating a matter on grounds other than those raised by the parties unless the parties are provided the opportunity to brief the court. If an appellate court fails to give the parties the opportunity to submit supplemental briefing, a rehearing shall be ordered upon timely petition of any party.

This bill is objectionable in part because the concerns raised by this bill have been addressed by the judiciary. The Supreme Court of Hawai‘i has proposed an amendment to the Hawai‘i Rules of Appellate Procedure to address the concerns raised by this bill and is currently seeking public comment on the proposal.

For the foregoing reasons, I am returning Senate Bill No. 639 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 807

Thirty-First Legislature
State of Hawai‘i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai‘i, I am returning herewith, without my approval, Senate Bill No. 807, entitled “A Bill for an Act Relating to Education.”

The purposes of this bill are to: (1) require each Department of Education school’s academic plan to include the following: a clear accounting of all resources that will be allocated to address and achieve each measurable outcome, the school’s priority improvement strategies and measures to determine progress; student growth indicators; information about programs intended to address social and economic conditions that adversely impact student learning; a breakdown of certain teacher vacancy data; average class sizes for all regular education, special education, and content based English language learning classes; and teacher workforce experience metrics; and (2) require the Department of Education to submit an annual report on the school academic and financial plans to the Board of Education and the Legislature.

This bill is objectionable because schools are already required to create academic and financial plans, and the new measurements specified by this bill may not add value for schools any more than the current measurements. Specifically, the option to use the National Assessment of Education Progress (NAEP), which uses random samples of schools throughout the system every other year, does not provide an accurate assessment of results at the individual school level. It may also be difficult to report data consistently across all schools if the Legislature is requiring an “authentic assessment,” as defined in the bill. Measurements will likely differ from school to school, making system-wide reporting problematic. Furthermore, this bill adds additional requirements for data analysis, while the resources were reduced in House Bill No. 200, entitled “A Bill for an Act Relating to the State Budget,” the General Appropriations Act of 2021, approved as Act 88.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 811, entitled "A Bill for an Act Relating to the Department of Education."

The purpose of this bill is to require the Department of Education (DOE) to publish a weekly report on the DOE's website identifying schools that have reported positive COVID-19 cases.

This bill is objectionable because the DOE and the Department of Health have already established protocols to report cases, notify contacts, and prevent transmission in schools. This bill may also increase the potential for individuals to be identified, harassed, or discriminated against if weekly reporting is required. As written, this bill possesses a high potential for privacy violations, particularly in smaller communities. An increase in bullying, harassment, or social isolation can have negative impacts on a student's educational outcomes. Instances of bullying and harassment are likely under reported as students may be hesitant to make official complaints to school administrators. This bill could significantly increase disruption and anxiety among members of the school community, hindering the ability of school administrators to conduct normal school business.

For the foregoing reasons, I am returning Senate Bill No. 811 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1387, entitled "A Bill for an Act Relating to Microchip Identification."

The purpose of this bill is to require dog and cat owners to microchip their pets and update the ownership information when pets are transferred between owners.

This bill is objectionable because the proposed new statutory section includes an exemption for a "designated population management program." That term is not defined in any statute or rule and there is no agency or entity responsible for creating such a designation. The bill will also introduce conflict and confusion with county ordinances that already define "ownership" and identification requirements, such as the microchipping requirements of the City and County of Honolulu and the County of Kaua'i.

For the foregoing reasons, I am returning Senate Bill No. 1387 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1409
Honorable Members
Thirty-First Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1409, entitled "A Bill for an Act Relating to Training in Native Hawaiian Rights."

The purpose of this bill is to prohibit newly appointed or reappointed members of certain State councils, boards, and commissions from serving if the member has not completed the Native Hawaiian rights training course required by section 10-42, Hawaii Revised Statutes (HRS). This bill further requires the Office of Hawaiian Affairs to record the training course and make the recording available to those who were unable to attend.

This bill is objectionable because it imposes punitive measures on volunteer members of several boards. The vast majority of board members impacted by this bill have already completed a Native Hawaiian rights training course offered by the University of Hawaii. A review of records of forty-three board and commission members across the five boards and commissions within the Department of Land and Natural Resources (not including new or retired members or vacancies, and including two individuals who took the class before section 10-42, HRS, became law) revealed that only two individuals had not yet completed the training. In-person course offerings have been limited to once or twice a year, which may impact quorum requirements. Any gaps in training can be covered by more in-person course offerings and online course offerings, where the members can take the class on their own schedule, including weekends.

Additionally, my Administration supports providing board members with the flexibility to choose from more than one provider of Native Hawaiian rights training.

For the foregoing reasons, I am returning Senate Bill No. 1409 without my approval.

Gov. Msg. No. 1278 and H.B. No. 54, HD 1, SD 1, CD 1:

At this time, Representative Belatti offered Floor Amendment No. 1, amending H.B. No. 54, HD 1, SD 1, CD 1, as follows:

SECTION 1. House Bill No. 54, H.D. 1, S.D. 1, C.D. 1, is amended by deleting page 1, lines 7-8.

SECTION 2. House Bill No. 54, H.D. 1, S.D. 1, C.D. 1, is amended by deleting Sections 3 and 4.

SECTION 3. House Bill No. 54, H.D. 1, S.D. 1, C.D. 1, is amended by adding a new Section 3 to read as follows:

"SECTION 3. There is appropriated out of the general revenues of the State of Hawaii the sum of $238,944,470 or so much thereof as may be necessary for fiscal year 2021-2022 and the sum of $257,446,927 or so much thereof as may be necessary for fiscal year 2022-2023 for debt service payments — state (BUF721); provided that of the general fund
appropriation for debt service under this section for fiscal biennium 2021-2023, balances that are unrequired for debt service payments may be used to pay for expenses incurred pursuant to section 39-14, Hawaii Revised Statutes, and for costs of bond issuance, or may be transferred to retirement benefit payments (BUF741-BUF748) and health premium payments (BUFFER1-BUFFER); provided further that the funds shall not be expended for any other purpose; and provided further that any unexpended funds shall lapse to the credit of the general fund at the end of the respective fiscal year for which the appropriation was made.

The sums appropriated shall be expended by the department of budget and finance for the purposes of this section."

SECTION 4. House Bill No. 54, H.D. 1, S.D. 1, C.D. 1, is amended by adding a new Section 4 to read as follows:

"SECTION 4. Provided that, notwithstanding any law to the contrary, appropriations in sections 2 and 3 that are deemed necessary for the operations of a program, the appropriations may be transferred with the approval of the governor to the General Appropriations Act of 2021 (House Bill No. 200, H.D. 1, S.D. 1, C.D. 1, as enacted) or the Supplemental Appropriations Act of 2022 for program execution and expenditure; provided further that the transferred appropriations shall be expended for the purposes indicated in this Act and shall be subject to the provisions of the General Appropriations Act of 2021 and the Supplemental Appropriations Act of 2022; and provided further that the transferred appropriations shall be incorporated into all budgetary details of the General Appropriations Act of 2021 and the Supplemental Appropriations Act of 2022, as applicable."

On motion by Representative Belatti, seconded by Representative Morikawa and carried, Floor Amendment No. 1, amending H.B. No. 54, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," was adopted, with Representatives Ilagan, McKelvey, Morikawa and carried, Floor Amendment No. 1, amending HB. Gov. Msg. No. 1292 and H.B. No. 1299, HD 1, SD 1, CD 1:

At this time, Representative Belatti offered Floor Amendment No. 2, amending H.B. No. 1299, HD 1, SD 1, CD 1, as follows:

SECTION 1. House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, is amended by deleting section 10 of the bill, which would have repealed section 157-29, Hawaii Revised Statutes, relating to the milk control special fund.

SECTION 2. House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, is amended by deleting part XII of the bill, relating to Auditor's Report No. 20-16, Department of Hawaiian Home Lands.

SECTION 3. House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, is amended by deleting section 62 of the bill, which would have abolished the national mortgage settlement trust account.

SECTION 4. House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, is amended by redesignating all remaining parts and renumbering all remaining sections accordingly.

SECTION 5. House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, is amended by changing the reference in the effective date on page 72, line 14, from section 60 to section 57.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, Floor Amendment No. 2, amending H.B. No. 1299, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO NON-GENERAL FUNDS," was adopted, with Representatives Ilagan, McKelvey, and Nishimoto being excused.

At 2:49 p.m., the Chair noted that Floor Amendment No. 2 was adopted.

Gov. Msg. No. 1297 and S.B. No. 589, SD 2, HD 2, CD 1:

SECTION 1. S.B. 589, S.D. 2, H.D. 2, C.D. 1, is amended by deleting the language on page 1, line 1, to page 26, line 20, and inserting the following:

PART I

SECTION 1. The legislature finds that the University of Hawaii cancer center reduces the burden of cancer through research, education, patient care, and community outreach. The University of Hawaii cancer center is the only National Cancer Institute-designated cancer center in Hawaii and the Pacific region. The University of Hawaii cancer center is a member of the Hawaii Cancer Consortium, which includes five hospital groups and the University of Hawaii John A. Burns school of medicine.

The University of Hawaii John A. Burns school of medicine educates and trains health care professionals, including physicians, biomedical scientists, and allied health workers. The University of Hawaii John A. Burns school of medicine also conducts fundamental medical research and translates discoveries into delivery practices. Because the University of Hawaii John A. Burns school of medicine is a community-based medical school without its own university hospital, it partners with private hospitals in the community to achieve its educational mission.

The legislature further finds that public funds and other resources the State has made available to the University of Hawaii John A. Burns school of medicine and University of Hawaii cancer center have been substantial. The magnitude of state funds and other resources provided to the University of Hawaii, the distinction of the University being the sole public institution of higher education in the State, and the University of Hawaii cancer center being the only National Cancer Institute-designated cancer center in Hawaii underscore the importance of establishing complementary strategic priorities and coordinating the management and deployment of state resources appropriated to the University of Hawaii John A. Burns school of medicine and University of Hawaii cancer center.

It is in the public's interest that State resources be efficiently and effectively managed to optimize the public benefits. Just as co-locating the physical facilities for the University of Hawaii John A. Burns school of medicine and University of Hawaii cancer center on adjoining sites in Kakaako promotes synergistic efforts, the legislature determines that it is a statewide concern to ensure that the management of public resources provided to the University of Hawaii John A. Burns school of medicine and University of Hawaii cancer center be integrated, coordinated, and focused on common priorities to avoid unnecessary duplication of administrative expenses or conflicting priorities. Maximized efficiencies will benefit the University of Hawaii cancer center, University of Hawaii John A. Burns school of medicine, University of Hawaii at Manoa, and the State by reducing or eliminating unnecessary expenditures and optimizing operations.

Accordingly, the purpose of this part is to:

(1) Establish the University of Hawaii cancer center in statute as the cancer research center of Hawaii; and

(2) Require the cancer research center of Hawaii to be administratively affiliated with the University of Hawaii John A. Burns school of medicine and possibly merge the administrative services and infrastructure teams of both entities to offer greater efficiency.

SECTION 2. Chapter 304A, part IV, Hawaii Revised Statutes, is amended by adding a new subpart to be appropriately designated and to read as follows:

" . Cancer Research Center of Hawaii

§304A- Cancer research center of Hawaii. (a) There is established an organized research unit, hereinafter known as the cancer research center of Hawaii, to conduct cancer research. The cancer research center of Hawaii shall be administered by a director to be appointed in accordance with board of regents policy.

(b) The cancer research center of Hawaii shall be administratively affiliated with the University of Hawaii John A. Burns school of medicine. The administrative services and infrastructure teams of the
cancer research center of Hawaii and the University of Hawaii John A. Burns school of medicine may be merged to achieve greater efficiency.

(c) The provost of the University of Hawaii at Manoa shall have authority to direct and achieve efficiencies at the University of Hawaii John A. Burns school of medicine and cancer research center of Hawaii.

(d) The programs of the University of Hawaii John A. Burns school of medicine and cancer research center of Hawaii, and the University of Hawaii at Manoa shall identify opportunities to:

(1) Capitalize on collaboration between the programs; and

(2) Maximize operational efficiencies between the University of Hawaii John A. Burns school of medicine and cancer research center of Hawaii,

including but not limited to shared services and personnel whenever feasible and utilization of centralized services available through the University of Hawaii at Manoa whenever appropriate.

(e) The cancer research center of Hawaii's research agenda shall focus on research, education, patient care, and community outreach and reflect an understanding of the ethnic, cultural, and environmental characteristics of the State and the Pacific region.

(f) The cancer research center of Hawaii may:

(1) Engage in international research collaborations;

(2) Undertake research studies and clinical trials; and

(3) Participate in projects and programs of the National Cancer Institute."

PART II

SECTION 3. The purpose of this part is to further efforts to ensure the efficient and effective management of public resources provided to the University of Hawaii John A. Burns school of medicine and cancer research center of Hawaii to optimize public benefits.

SECTION 4. (a) The University of Hawaii shall develop and implement a plan for the University of Hawaii John A. Burns school of medicine and cancer research center of Hawaii to achieve greater operational efficiencies, reduce duplication of services, and share administrative functions to the maximum extent practicable.

(b) The president of the University of Hawaii shall submit a report on the progress of the development and implementation of the plan as provided under this part to the legislature no later than twenty days prior to the convening of the regular session of 2023.

PART III

SECTION 5. The purpose of this part is to allow the University of Hawaii to continue its contribution to research commercialization and economic development by extending the sunset date of Act 38, Session Laws of Hawaii 2017, for two years, until June 30, 2024, while promoting accountability and transparency.

SECTION 6. Section 84-10, Hawaii Revised Statutes, is amended to read as follows:

"[§84-10] University of Hawaii; technology transfer activities; exemption. (a) Sections 84-12, 84-13, 84-14 to 84-16, and 84-18 shall not apply to technology transfer activities sponsored by the University of Hawaii; provided that the technology transfer activities comply with the regulatory framework and research compliance program and policies approved by the board of regents of the University of Hawaii (board of regents).

(b) Notwithstanding subsection (a), the University of Hawaii shall not sponsor, enter into, or continue to engage in technology transfer activities with a private person in which an employee of the University of Hawaii has a conflict of interest as provided in section 84-14, including a financial interest, irrespective of whether the State benefits from the technology transfer activities; provided that the prohibition under this subsection shall not apply if:

(1) The technology transfer activities with the private person promote the timely and efficient commercialization of intellectual property created by basic and applied research at the University of Hawaii;

(2) The State stands to benefit from the technology transfer activities with the private person;

(3) The technology transfer activities with the private person comply with the regulatory framework and research compliance program and policies approved by the board of regents of the University of Hawaii;

(4) The employee's conflict of interest is disclosed at the time of the proposal, and the proposals and binding agreements for each of the technology transfer activities with the private person are reviewed by the state ethics commission to assure compliance with ethics laws;

(5) Any changes to the terms and conditions of the technology transfer activities are reported to the state ethics commission;

(6) The employee with the conflict of interest does not:

(A) Take official action affecting the technology transfer activities with the private person; or

(B) Directly or indirectly supervise an employee when that employee takes official action affecting the technology transfer activities with the private person; and

(7) During the term of the technology transfer activities with the private person, the following employees file annually with the state ethics commission a disclosure of financial interests pursuant to section 84-17:

(A) Employees who have a conflict of interest as provided in section 84-14, including a financial interest, in the private person;

(B) Employees who take official action affecting the technology transfer activities with the private person; and

(C) Employees who directly or indirectly supervise an employee who takes official action affecting the technology transfer activities with the private person.

(c) Notwithstanding subsection (a), any technology transfer activities sponsored by, entered into, or engaged in by the University of Hawaii in violation of subsection (b) is voidable under section 84-16; provided that this subsection shall not apply to contracts for technology transfer activities entered into or extended by the University of Hawaii prior to January 1, 2022.

(d) The University of Hawaii shall file annually with the state ethics commission a disclosure, including its conflict of interest management plan, of any conflict of interest of any employee relating to its technology transfer activities.

[§84-10] (c) As used in this section, "technology transfer activities" means the process of transferring scientific findings from the public sector to the private sector for the purpose of commercial development and application for personal or financial gain. "Technology transfer activities" may include creating joint ventures, limited partnerships, or other corporate forms; allocating equity shares, partnership interests, or other forms of participation; identifying new technologies; protecting technologies through patents and copyrights; forming development and commercialization strategies, arrangements, or projects; and other related activities.

SECTION 7. Section 304A-121, Hawaii Revised Statutes, is amended to read as follows:

"[§304A-121] Technology transfer; reporting. The board of regents of the University of Hawaii shall submit a written report to the legislature no later than twenty days prior to the convening of each regular session regarding:

(1) The development [and], implementation, and enforcement of its regulatory framework and research compliance program to reflect ethical research principles and technology transfer regulations used by the federal government; [and]
(2) The technology transfer activities of the University of Hawaii, as defined in section 84-10, and the status of such activities;

(3) A disclosure, including the University of Hawaii's conflict of interest management plan, of any conflict of interest of any employee of the University of Hawaii relating to its technology transfer activities.

SECTION 8. Act 38, Session Laws of Hawaii 2017, is amended by amending section 5 to read as follows:

"SECTION 5. This Act shall take effect upon its approval; provided that this Act shall be repealed on June 30, [2022]; 2024."

PART IV

SECTION 9. The legislature finds that pursuant to the repeal and reenactment provisions of Act 39, Session Laws of Hawaii 2017, chapter 304A, part IV, subpart P, Hawaii Revised Statutes, regarding the University of Hawaii innovation and commercialization initiative program, was repealed on June 30, 2021. The purpose of this part is to reenact part IV, subpart P, for three years to allow the University of Hawaii to continue the innovation and commercialization initiative program and include additional provisions that promote accountability and transparency.

SECTION 10. Chapter 304A, Hawaii Revised Statutes, is amended by adding a new subpart to be appropriately designated and to read as follows:

" . Innovation and Commercialization Initiative Program §304A- Innovation and commercialization initiative program: establishment. There is established within the University of Hawaii an innovation and commercialization initiative program under the direction of the vice president for research and innovation.

§304A- Innovation and commercialization initiative program: implementation. In implementing the innovation and commercialization initiative program, the University of Hawaii may promote, sponsor, and participate in the transformation of the products of its research and instructional activities into viable economic enterprises and may create, finance, and participate in organizations that contribute to the economic development and workforce diversification of the State using university research and personnel. The university, without limitation, may:

(1) Adopt policies and management procedures to carry out the purposes of the program;

(2) Contribute equity, loan funds, or participate directly or indirectly to finance concepts or proposals that are likely to lead to viable businesses, economic development, or workforce opportunities based on university research;

(3) Enter into contracts and other appropriate arrangements with start-up ventures to provide loans, initial and expansion capital, and other forms of financial assistance;

(4) Solicit, evaluate, and assist in the preparation, drafting, and refinement of business plans and proposals;

(5) Provide advice, instruction, training, and technical and marketing assistance to support and promote the enterprises in which the university invests;

(6) Develop, coordinate, and deliver instruction, training, and outreach programs to build and maintain the capacity to sustain these economic enterprises;

(7) Implement specialized programs designed to encourage the development of new products, businesses, and markets;

(8) Prepare, publish, and distribute technical studies, reports, bulletins, and other materials consistent with customary standards of university publication, subject to the maintenance and respect for confidentiality of client proprietary information;

(9) Organize, sponsor, and participate in conferences, workshops, seminars, and other educational activities relating to the formation and financial viability of businesses that use university research products or university personnel;

(10) Provide and pay for advisory or consulting services and technical, managerial, and marketing assistance, support, and promotion to carry out the purposes of this subpart;

(11) Acquire, hold, and sell qualified securities;

(12) Consent, subject to the provisions of any contract with noteholders or bondholders, whenever the university deems it necessary or desirable in the fulfillment of the purposes of this subpart, to the modification, with respect to rate of interest, time of payment of any installment of principal or interest, or any other terms, of any contract or agreement of any kind to which the university is a party;

(13) With the assistance of an appropriate foundation or development entity, accept donations, grants, bequests, and devises of money, property, service, or other things of value that may be received from the United States or any agency thereof, any governmental agency, or any public or private institution, person, firm, or corporation, to be held, used, or applied for any or all of the purposes in support of this program;

(14) Invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in such investments as may be lawful for fiduciaries in the State;

(15) Acquire real property, or an interest therein, by purchase or foreclosure, where that acquisition is necessary or appropriate to protect or secure any investment or loan in which the university has an interest; sell, transfer, and convey the property to a buyer and, if the sale, transfer, or conveyance cannot be effected with reasonable promptness or at a reasonable price, to lease the property;

(16) Consistent with the purposes of the program, acquire, own, hold, dispose of, and encumber personal property of any nature, or any interest therein, either directly or through intermediate entities formed or established specifically for the program's purposes;

(17) Enter into agreements or other transactions with any federal, state, or county agency to implement the purposes of this subpart;

(18) Contract with other entities, public or private, for the provision of any or a portion of the services necessary for the management and operation of the program. The university may use all appropriations, grants, contractual reimbursements, and all other funds made available for the purposes of the program to pay for the proper general expenses of the program;

(19) Appear on its own behalf before state, county, or federal agencies on matters relating to the program;

(20) Establish a risk management program appropriate to the activities of the program, which may include, among other components, the purchase of insurance, participation in the State's risk management program, or retention and management of risks;

(21) Appoint advisory committees as deemed necessary; and

(22) Exercise any other powers of a corporation organized under the laws of the State not inconsistent with the purpose and intent of the program.

§304A- University innovation and commercialization initiative special fund. (a) There is established the university innovation and commercialization initiative special fund into which shall be deposited, and shall not be considered part of the general fund, all funds consistent with the purposes of this subpart that are:

(1) Appropriated by the legislature;

(2) Received as repayments of loans;

(3) Earned on investments;

(4) Received pursuant to a venture agreement;

(5) Received as royalties;

(6) Received as premiums or fees charged by the university; or

(7) Otherwise received by the program.
(b) Revenues deposited into the special fund may be expended by the University of Hawaii for all costs and expenses associated with the operation of the innovation and commercialization initiative program without regard to chapters 76, 78, 89, 102, 103, and 103D. Revenues not expended as provided in this section may be transferred to other university funds to be expended for the general benefit of the university.

§304A—Confidentiality of trade secrets; disclosure of financial information. Any documents or data made or received by the University of Hawaii under this subpart, to the extent that the material or data consist of trade secrets or confidential commercial or financial information that may be withheld from public disclosure under chapter 92F, shall not be publicly disclosed; provided that if the university purchases a qualified security, the nonconfidential commercial and financial information regarding that security shall be a public record of the university. The board of regents, or any subcommittee of the board, may hold an executive session as provided in section 92-4 to discuss trade secrets or confidential commercial or financial information that may be withheld under chapter 92F.

§304A—Limitation on liability. (a) The University of Hawaii shall not assume or otherwise promise to answer for the debt, contract, or liability of any other person or private entity involved with the innovation and commercialization initiative program.

(b) Notwithstanding chapters 661 and 662, or any other law to the contrary, nothing in this subpart shall create an obligation, debt, claim, cause of action, claim for relief, charge, or any other liability of any kind whatsoever in favor of any person or entity, without regard to whether that person or entity receives any benefits under this subpart, against the State or its officers and employees. The State and its officers and employees shall not be liable for the results of any investment, purchase of securities, loan, or other assistance provided pursuant to this subpart. Nothing in this subpart shall be construed as authorizing any claim against the University of Hawaii in excess of any note, loan, or other specific indebtedness incurred by the university or in excess of any insurance policy acquired for the university or its employees.

§304A—Preservation of governmental immunity; full faith and credit. No contract, agreement, or statement made by the University of Hawaii pursuant to this subpart shall constitute an express or implied waiver by the university of its governmental or sovereign immunity as a public agency of the State, nor shall the contracts, agreements, or statements constitute an express or implied acceptance of liabilities in excess of liabilities allowable under applicable governmental immunity laws. No activity conducted by the university or agreement entered into pursuant to this subpart shall be deemed a pledge of the full faith and credit of the State.

§304A—Cooperation with the University of Hawaii by state agencies. Every state agency may render services to the University of Hawaii upon the university’s request for any purpose related to this subpart.

§304A—Construction of subpart. (a) Other state laws, including without limitation the state code of ethics, shall be applied and construed on balance in recognition of the public benefits created and state interests advanced by the activities conducted by the University of Hawaii pursuant to this subpart.

(b) Notwithstanding subsection (a), the University of Hawaii shall not sponsor, enter into, or continue to engage in activities conducted pursuant to this subpart with a private person in which an employee of the University of Hawaii has a conflict of interest as provided in section 84-14, including a financial interest, irrespective of whether the State benefits from the activities; provided that the prohibition under this subsection shall not apply if:

(1) The activities with the private person transform the products of the University of Hawaii’s research and instructional activities into viable economic enterprises;

(2) The State stands to benefit from the activities with the private person;

(3) The activities with the private person comply with the regulatory framework and research compliance program and policies approved by the board of regents of the University of Hawaii;

(4) The employee’s conflict of interest is disclosed at the time of the proposal, and the proposals and binding agreements for each of the activities with the private person are reviewed by the State ethics commission to assure compliance with ethics laws;

(5) Any changes to the terms and conditions of the activities are reported to the State ethics commission;

(6) The employee with the conflict of interest does not:

(A) Take official action affecting the activities with the private person; or

(B) Directly or indirectly supervise an employee who takes official action affecting the activities with the private person; and

(7) During the term of the activities with the private person, the following employees file annually with the State ethics commission a disclosure of financial interests pursuant to section 84-17:

(A) Employees who have a conflict of interest as provided in section 84-14, including a financial interest, in the private person;

(B) Employees who takes official action affecting the activities with the private person; and

(C) Employees who directly or indirectly supervise an employee who takes official action affecting the activities with the private person.

(c) Notwithstanding subsection (a), any activities conducted by the University of Hawaii pursuant to this subpart in violation of subsection (b) is voidable under section 84-16: provided that this subsection and subsection (b) shall not apply to contracts entered into or extended by the University of Hawaii prior to January 1, 2022, for activities conducted by the University of Hawaii pursuant to this subpart.

(d) The University of Hawaii shall file annually with the State ethics commission a disclosure, including its conflict of interest management plan, of any conflict of interest of any employee relating to its activities conducted pursuant to this subpart.

(e) As used in this section, "person" means any individual, firm, association, organization, sole proprietorship, partnership, company, corporation, joint venture, trust, or any other form of business or legal entity or group of individuals.

§304A—Biennial report. No later than twenty days prior to the convening of the regular session of each odd-numbered year, the University of Hawaii shall submit a report to the legislature concerning:

(1) All funds deposited into the university innovation and commercialization initiative special fund and a detailed description of the use of those funds;

(2) Coordinated efforts between the innovation and commercialization initiative program and other state agencies, including the Hawaii technology development corporation, the Hawaii strategic development corporation, and the Hawaii state energy office, to move the State’s innovation goals forward, and to more efficiently and effectively utilize resources to achieve these outcomes; and

(3) A disclosure, including its conflict of interest management plan, of all conflicts of interest of any employee relating to its activities conducted pursuant to this subpart."

PART V

SECTION 11. The legislature finds that on June 30, 2021, the provisions of Act 42, Session Laws of Hawaii 2018, were repealed. The purpose of this part is to temporarily reenact provisions amended by Act 42, Session Laws of Hawaii 2018, for the purpose of extending, for three years, the authority of the president of the University of Hawaii to act as the University of Hawaii’s chief procurement officer for all procurement contracts under chapter 103D, Hawaii Revised Statutes.

SECTION 12. Section 103D-203, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:
"(a) The chief procurement officer for each of the following state entities shall be:

(1) The judiciary—the administrative director of the courts;
(2) The senate—the president of the senate;
(3) The house of representatives—the speaker of the house of representatives;
(4) The office of Hawaiian affairs—the chairperson of the board;
(5) The University of Hawaii—the president of the University of Hawaii;
(6) The department of education, excluding the Hawaii public library system—the superintendent of education;
(7) The Hawaii health systems corporation—the chief executive officer of the Hawaii health systems corporation; and
(8) The remaining departments of the executive branch of the State and all governmental bodies administratively attached to them—the administrator of the state procurement office of the department of accounting and general services shall serve as the chief procurement officer.

(b) The house of representatives—the speaker of the house of representatives; The senate—the president of the senate; The University of Hawaii—the president of the University of Hawaii and the department of accounting and general services shall serve as the chief procurement officer.

SECTION 13. Section 304A-2672, Hawaii Revised Statutes, is amended to read as follows:

"§304A-2672 Powers of the board. Notwithstanding any law to the contrary, the board may:

(1) Designate as a university project, any undertaking, improvement, or facility on any one or more of the areas in one or more of the educational institutions under the jurisdiction of the board;
(2) Construct and maintain university projects, including a university project included or to be in a university system; [provided that all procurements for professional services furnished by licensees under chapter 644 for construction projects shall be coordinated with the department of accounting and general services on behalf of the board; provided further that the department of accounting and general services shall not be responsible for procurements determined by both the University of Hawaii and the department of accounting and general services to be professional services furnished by licensees under chapter 644 for repair and maintenance.]
(3) Combine two or more university projects into a university system on one or more of the areas on any one or more of the educational institutions under the jurisdiction of the board, and to maintain the system;
(4) Combine two or more university projects, university systems, or university projects and university systems into a network, on any one or more of the areas on any one or more of the educational institutions under the jurisdiction of the board, and to maintain the network;
(5) Prescribe and collect rents, fees, and charges for the use of or services furnished by any university project and the facilities thereof, and pledge any appropriation to any university project and the facilities thereof that in aggregate, produces revenue of the university at least sufficient to comply with section 304A-2681;
(6) With the approval of the governor, issue revenue bonds under this subpart in such principal amount as may be authorized by the legislature from time to time to finance in whole or in part the cost of construction or the cost of maintenance of any university project, including funding reserves therefor;
(7) Pledge to the punctual payment of revenue bonds and interest thereon, all or any part of the revenue of the university, including any appropriation, in an amount sufficient to pay the revenue bonds and interest as the same become due and to create and maintain reasonable reserves therefor;

(8) Establish a loan program or a commercial paper program upon terms and conditions that the board may determine; and
(9) Advance moneys of the university, not otherwise required, and do any and all other lawful acts as may be necessary, convenient, or desirable, for carrying into execution and administering this subpart."

SECTION 14. The University of Hawaii shall submit an annual report to the legislature detailing a list of all capital improvement projects approved by the board of regents, prioritized by each campus, no later than twenty days prior to the convening of each regular session.

PART VI

SECTION 15. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 16. This Act shall take effect upon its approval; provided that:

(1) Parts IV and V of this Act shall apply retroactively to any actions taken after June 30, 2021, by the University of Hawaii pursuant to the sections of law amended by those parts;
(2) Section 10 shall be repealed on June 30, 2024; and
(3) Sections 12, 13, and 14 shall be repealed on June 30, 2024, and sections 103D-203(6) and 304A-2672, Hawaii Revised Statutes, shall be reenacted in the form in which they read on June 11, 2018.
